## House Slashes Half Billion Off Foreign Aid

WASHINGTON (AP) — The House, laboring through a marathon 15-hour session, voted early today to slash President Johnson's foreign aid requests by a half billion dollars to \$2.8 billion.

Even after a Republican-Southern Democratic coalition pushed through floor cuts of \$314 million, and the House accepted earlier committee cuts of \$219 million for a total of \$563 million less than Johnson asked—the Democratic leadership was able to get the reduced version through by only an eight-vote margin.

The final count, recorded at 3:38 a.m., was 202 to 194. Many members had long since fled the chamber.

Even with the extensive pruning, the House-passed measure still contains nearly \$200 million more than the Senate approved last week.

The differences mostly in the military assistance section of the legislation, now must be resolved by a two-house conference committee.

**Loan Program Cut**  
Just before passing the measure, the House overturned an earlier 145-141 vote and cut an additional \$33 million in technical assistance funds. The Republican move won the second time around, 234 to 163.

Included among the major cuts were \$150 million from the development loan program, \$72 million from the alliance for progress and \$25 million from the President's contingency fund.

Another \$60 million for support of the North Atlantic Treaty Organization was chopped out after members were told they already had authorized the money in a separate bill passed earlier.

Despite the deep cuts, administration forces weren't totally without success.

Staved off were bids to pare \$120 million from the support assistance program, and an additional \$70 million from the Alliance for Progress, the program conceived by President John F. Kennedy to aid Latin American countries.

But the Democratic leadership was turned back in an attempt to restore a second-year authorization for the Alliance for Progress, eliminated Wednesday by an amendment.

Chairman L. Mendel Rivers, D-SC, of the Armed Services Committee sponsored the cut in NATO funds, approved 148 to 78.

**Aim Ban At Arabs**  
The House also adopted by voice vote an amendment by Rep. Benjamin S. Rosenthal, D-N.Y., to ban military aid of troops from nations that have broken diplomatic ties with the United States.

The move is aimed at those Arab countries which broke relations during the Middle East crisis. Some 426 soldiers from such Arab nations currently are receiving training in the United States.

The House also voted 238 to 157 to eliminate from the bill a section granting the government additional authority to sell arms to foreign nations, but did not put any curbs on existing authority for such sales.

The Senate version would revoke existing authority for the arms sales, defended by the administration as a key section of its foreign policy.

## Weather

By The Associated Press

**ESCANABA AND VICINITY**—Partly cloudy with scattered showers developing by late today and tonight, warmer, high today, 74. Low tonight, 64. Showers ending and turning cooler tomorrow, Sunday, sunny, but cool. Southerly winds, 10 to 20 mph. Precipitation probabilities: today, 30%; tonight, 50%; Saturday, 20%.

**Lake Michigan**—Small craft warnings up from Sheboygan pentwater northward. North half-south to southwest winds 17 to 27 knots today and tonight. Partly cloudy.

THE MEDAL OF HONOR, awarded posthumously to Army Staff Sgt. Jimmy Stewart, is held by his widow, Mrs. Gertrude Stewart, right, and his mother, Mrs. Ethel M. Stitt. The presentation was made at the Pentagon. Stewart was honored for his valor in defending until death his troop's position in Vietnam last year. (AP Wirephoto)

## Pentagon Claims Viet Plane Loss Is Not Excessive

WASHINGTON (AP) — Pentagon sources say the rate of U.S. aircraft losses in Vietnam is lower than those of Korea and World War II. They credit improved flying tactics and new electronic countermeasures.

Military spokesmen contend recent fighter and bomber losses around Hanoi are not out of line with the number of raids being flown there.

Between Sunday and Thursday, the United States lost 12 planes in operations over North Vietnam—a near record for a single week.

But officers point out that during this period U.S. pilots have staged more than 800 missions involving perhaps as many as 3,200 separate flights against targets heavily shielded by North Vietnam's air defenses.

The Pentagon does not disclose numbers of individual flights, or sorties, flown over the North.

**Average Low**  
The military rule of thumb is that each mission involves 3.5 to 4 planes, on the average.

Communist guns, surface-to-air missiles and MIG fighters so far this year have knocked down U.S. planes at the rate of 1.6 per thousand sorties.

This compares with 2.2 per thousand in 1966, 3.2 in 1965 when the air campaign was launched, 3.5 during Korea and 9 per thousand during World War II.

## Urge Slum Jobs To Deter Riots

WASHINGTON (AP) — Twenty-year-old Negro slum kid Rufus "Catfish" Mayfield stood at the podium in the glittering Regency Room of Washington's Shoreham Hotel.

He wore a sweatshirt, and he stood above New York's Mayor John V. Lindsay and talked to some of the most powerful and important people in the United States.

The dignitaries were there for the one-day "emergency convocation" of a new group called the Urban Coalition, and Catfish was telling them he was hurt because they hadn't invited him.

He pointed out they were there to decide what to do about "The Problem," and he said "I know what it is."

**Youth Applauded**  
They applauded Rufus Mayfield, who was just another angry young man on the streets until this month when he became head of a Washington youth improvement group known as Pride Inc.

"Mr. Mayfield," said tall, aristocratic Andrew Heiskell, chairman of the board of Time, Inc., "I am sorry you were not invited."

Mayfield's appearance at the one-day conference Thursday emphasized by contrast the kind of people among the 1,100 delegates.

They were the potentates of the nation's cities: mayors like

To date the North Vietnamese have downed 659 American planes which cost this country an estimated \$1.3 billion.

The number of U.S. raids on the North and the number of anti-aircraft weapons deployed in North Vietnam each have quadrupled since 1965.

**Defense Heavy**  
Gen. John P. McConnell, Air Force Chief of Staff, says the Hanoi-Haiphong area presents "the greatest concentration of anti-aircraft weapons that has ever been known in the history of defense in any town or any area in the world."

In 1965 the North Vietnamese had about 2,100 anti-aircraft guns, plus 26 to 28 battalions armed with 6 to 8 missiles each.

Latest intelligence credits the enemy with 8,000 weapons, supplied by the Soviet Union and Red China. The number of missile units remains about the same—26 to 28 battalions, rotated among more than 150 missile firing sites in North Vietnam.

The surface-to-air missiles have hit 75 American planes in 3,500 attempts. But the long, slender missiles force U.S. pilots into evasive maneuvers and down into intense flak.

North Vietnam's MIG fleet, regarded as a minimal threat, has grown only slightly since American raids on three of the country's major fields last spring.

The big names were there because of the riots that have rent the fabric of the nation's cities this summer. Several speakers said what is at stake is not only the existence of the cities but of the nation itself.

The convocation was called by Urban America, Inc., along with the U.S. Conference of Mayors and the National League of Cities.

Perhaps one-third of the delegates were businessmen, said Heiskell, co-chairman of the conference and chairman of Urban America.

Does this mean business is about to take a much greater role in solving city problems? Heiskell was asked.

"All I can say is, the industry (people) have committed themselves to one hell of a lot."

The newly formed Urban Coalition said in a statement "private industry must greatly accelerate its efforts to recruit, train and hire the hard-core unemployed."

But "when the private sector

others — was responsible for the decision on the time that the Guard was summoned to duty.

Dryden also refused to call the decision of civil authorities "a mistake."

At the news conference, which Dryden said was requested "to explain how and why the guard did what they did," he took sharp issue with Lt. Gen. Throckmorton, who commanded federal troops and the guard when it was federalized in efforts to quell the rioting.

In congressional testimony, Throckmorton said this week the guardsmen were "nervous and trigger-happy," and Dryden responded at the news conference: "We deny that charge categorically."

Dryden also claimed, contrary to some critics of the guard performance, that guardsmen had obeyed Throckmorton's order to unload their weapons during the riot.

## Auto Employees Poll Big Strike Vote Majority

BULLETIN

DETROIT (AP)—The Ford Motor Co. served notice today on the United Auto Workers Union it wants to place a limit on the amount a cost of living formula can add to wages over the life of any new contract.

This is one contract clause with which UAW President Walter P. Reuther has said there can be "absolutely no tampering."

DETROIT (AP)—The United Auto Workers, as expected, are rolling up overwhelming majorities to authorize a strike against General Motors, Ford of Chrysler in support of new contract demands.

Ballots already in from Chrysler UAW members had 6,492 in favor of authorization and only 1,532 against. At Ford the margin is 32,976 to 966.

The UAW has disclosed no figures on General Motors voting, but usually reliable sources report the margin there also is 90-plus per cent in favor of authorizing a strike if and when negotiators deem one necessary. Local unions with 375,000 members at GM, 152,000 at Ford and 95,000 at Chrysler are under orders to complete balloting today and to get results into UAW headquarters tonight.

**Strike Not Certain**

Ken Bannon, UAW Ford department director, described early returns from Ford locals as "another demonstration of the membership's overwhelming support of the collective bargaining program" of the union.

If the voting trend continues among the remainder of the union's Big Three members, it does not mean necessarily there will be a strike.

The question is shall leaders be empowered to call a walkout if it appears needed to win what UAW President Walter P. Reuther concedes is his "longest and most ambitious list" of demands?

The UAW, however, has summoned local union leaders to seven cities Saturday and Sunday "to acquaint them with the strike assistance program of the international union," and forecasts of a strike have come this week from both industry and union executives.

Detroit, New York, Chicago, Cleveland, Los Angeles, Baltimore and Buffalo are cities where local leaders have been summoned to meet.

**Little Progress**  
The international pay strike benefits of \$20 a week to single workers, \$25 to married workers without children and \$30 to those with children. The UAW strike fund now totals approximately \$67 million.

Thus far both sides agree there has been little progress in almost seven weeks of negotiations. Each side claims the other is dragging its feet.

Initial company economic offers, promised "early next week," are expected to set off hammer-and-tong sessions as negotiators try to put together new contracts to replace current three-year ones which expire 10 days from Monday.

## Division Reunion

KALAMAZOO (AP) — The famed "Red Arrow" Division of World Wars I and II holds its 48th annual reunion-convention here Sept. 1-4. The event is sponsored by the Red Arrow VFW Post No. 1527 at Kalamazoo.

Lindsay and Jerome P. Cavanaugh of Detroit and Richard J. Daley of Chicago; businessmen like Henry Ford II of the Ford Motor Co. and David Rockefeller of the Chase Manhattan Bank; and labor leaders like George Meany of the AFL-CIO and Walter Reuther of the United Auto Workers.

**Nation At Stake**  
The big names were there because of the riots that have rent the fabric of the nation's cities this summer. Several speakers said what is at stake is not only the existence of the cities but of the nation itself.

The convocation was called by Urban America, Inc., along with the U.S. Conference of Mayors and the National League of Cities.

Perhaps one-third of the delegates were businessmen, said Heiskell, co-chairman of the conference and chairman of Urban America.

Does this mean business is about to take a much greater role in solving city problems? Heiskell was asked.

"All I can say is, the industry (people) have committed themselves to one hell of a lot."

The newly formed Urban Coalition said in a statement "private industry must greatly accelerate its efforts to recruit, train and hire the hard-core unemployed."

But "when the private sector

others — was responsible for the decision on the time that the Guard was summoned to duty.

Dryden also refused to call the decision of civil authorities "a mistake."

# U.S. Plane Loss Hits 13 Within Four Days

## Ky Predicts Ticket Win

HOA HAO, Vietnam (AP) — Premier Nguyen Cao Ky said today he believes his military presidential ticket will get more votes than all the civilian tickets combined.

The military is running Chief of State Nguyen Van Thieu for president and Ky for vice president in the election Sept. 3 against 10 civilian tickets.

Ky spoke to newsmen while standing on the deck of a Vietnamese navy river patrol boat cruising through An Giang Province in the Mekong delta. The premier was campaigning among some of his staunchest supporters, the Hoa Hao religious sect.

In the town of Hoa Hao, seat of the sect's estimated 700,000 members, Ky told their national convention:

"Maybe I am still not a good politician, maybe I talk too much and too directly because of my young age, maybe I deserve criticism... but I think that nobody can question my attachment to the people."

Ky is thought to have solid control of the 400,000 Hoa Hao votes.

Ky told the newsmen in An Giang, he would be satisfied if his ticket got 35 to 50 per cent of the vote but added that he expects more.

Meanwhile, one of the civilian

candidates declared in Saigon that enough U. S. troops are fighting the war and no more should be sent. He said better use should be made of South Vietnamese troops.

The statement was made at a news conference called by Dr. Phan Khac Suu, speaker of South Vietnam's Constituent Assembly and one of the few presidential candidates with a wide-spread following, and his running mate, Dr. Phan Quang Dan.

The news conference was called specifically for the foreign press. English-speaking Dan fielded the questions, with Suu nodding agreement at his side.

## Toll Now 660 Combat Craft In War Action

SAIGON (AP) — American warplanes, drove deep into North Vietnam Thursday, bombing rail and military targets within 18 miles of Red China but losing another F105 Thunderchief jet to Red ground fire, the U.S. Command said today.

The Thunderchief was the 13th American jet reported downed in the air war against North Vietnam this week—one of the grimmest of the year for American fliers—and the 660th U.S. combat plane reported lost striking North Vietnam. The pilot was listed as missing in action, bringing the week's loss so far to 19 fliers missing with three rescued by helicopters.

**Ground Action Light**

Although no major ground action was reported in South Vietnam, the U.S. Command said at least 156 Communist troops were killed in scattered fighting, and police in Saigon disclosed the arrest of a Red terror cell of two men and three women. They were rounded up in the continuing police pressure to thwart Red attempts to disrupt the Sept. 3 presidential elections now nine days away.

U.S. headquarters reported that despite thunderstorms over much of North Vietnam, Air Force, Navy and Marine pilots flew 152 missions Thursday. Although some pilots reported Communist MIGs skirting the edge of American formations, there were no dogfights, and the pilots said the Reds also fired fewer of the Soviet-built surface-to-air missiles than they threw up during raids on the Hanoi area earlier this week.

**Rail Yard Filled**  
Returning pilots said the rail yards above Hanoi remained filled with boxcars unable to move south because the only rail bridges across the Red River at Hanoi have been dropped by bombing.

Pilots said there were almost 200 pieces of rolling stock in four yards hit Thursday and most of these were shot up, bombed or rocketed. But smoke and flames prevented precise damage reports.

The deepest strikes reported were against a rail yard just 18 miles below the Chinese border and the second raid of the week on North Vietnam's chief naval base at Port Walut, 30 miles below the frontier. It was on the strike against the northeast rail line from Hanoi to China that the F105 was downed about 25 miles below the border.

Navy pilots reported heavy damage to buildings at Port Walut, which was attacked Monday for the first time in the war.

**Hit MIG Field**

U.S. Marine fliers made one of their deepest raids into the Communist heartland with a strike at the MIG field of Hoa Lac, 15 miles west of Hanoi. It was a night strike and it was not known if any MIGs were caught on the ground.

Navy planes from the carrier Oriskany bored into the heaviest Communist defenses to hit the rail bridge at Hai Duong, midway between Hanoi and its port city of Haiphong.

About half the day's strikes were against targets from Hanoi north. The remaining attacks raked rail, road and river traffic from the capital south to the 17th parallel frontier dividing Vietnam.

In this area the cruiser Boston moved ashore to fire eight-inch guns at supply traffic around the city of Vinh. The Navy said she blew up 11 river barges and damaged seven more.

Along the demilitarized zone straddling the 17th parallel, a Communist machine gunner caught a U.S. Coast Guard cutter close inshore and raked it with fire. Two Coast Guardsmen were wounded but damage to the 82-foot boat was not revealed.

American Marines just below the demilitarized zone came under ground and mortar attacks early this morning from North Vietnamese regulars operating from inside the DMZ. U.S. headquarters said eight Marines were killed and 22 wounded and eight North Vietnamese bodies were found.

The Communists apparently

## Area School Board, Teachers Settle

A contract settlement for the Escanaba Area public schools was announced today in a joint statement by members of the Board of Education and the Escanaba Education Association.

"We are happy to let the community know that we have arrived at the end of the bargaining process for this year and at a mutually satisfactory result," the statement said. "We believe we have a good contract, good for the school district's children, good for the community and good for the teaching profession."

Under the new contract, which will run for one year, the teacher's salary schedule will begin at \$5,700 for a teacher with a bachelor's degree and at \$6,200 for a teacher with a master's. Maximum salaries, after 11 years of experience, will be \$8,550 with a bachelor's and \$9,300 with a master's degree.

**Salaries In Line**

"These salaries are in line with those agreed upon in other school districts around the state of Michigan where contracts have been settled, and are neither the highest nor the lowest which will be paid in the Upper Peninsula in the coming year," the statement said.

"In spite of the economic and professional gains which have been made by teachers in the past few years, there is still a shortage of trained, qualified personnel, and of people going into the teaching profession."

"Although the Escanaba school system has attempted to keep pace with other school districts in salaries, fringe benefits and general working conditions, there is still the prospect of opening school with eight teaching positions unfilled. It is hoped that the announcement of the contract settlement may attract additional teachers to the district."

Total cost to the school district in salary adjustments is expected to run about \$96,000. Estimated additional cost to the district of the new contract, including added fringe benefits, is about \$107,000.

The school district budget for 1967-68 is \$2,436,000.

Included in the contract is a boost in school district payments to teachers for health and hospitalization insurance.

Last year, the district paid up to \$30 per teacher. This has been increased to up to \$72. Extra-duty salary schedules including those for coaches of athletic teams, were also negotiated.

**Ratification Expected**  
Ratification of the contract is expected by the board of Education at a special meeting at 8 p. m. Monday at the administration building. Teachers of the district will vote on the settlement during the pre-school conference.

Mrs. Robert Mosenfelder, president of the Board of Education, said:

"We know that many people in this community, parents and teachers alike, have been made uneasy by talk of a bargaining stalemate and the possibility that school might not open this fall. We would like the public to know that at no point have we had a 'bargaining stalemate' in this school district and we believe that it is because of the existence of true good faith bargaining on both sides

of the table, and a sincere desire to reach agreement and to continue to furnish an adequate educational system in the community that we have been able to conclude a contract.

"The lateness of the legislature in fixing the state aid appropriation and the uncertainty of the local financial situation have been factors in the delay. Now that we have reached a contract settlement which we believe to be a fair one, we hope that the voters of the district will uphold our decisions at the polls next Wednesday."

The Area Board of Education has called a special election Wednesday, Aug. 30, asking five mills for five years.

**Flint Protest In Eighth Day**  
FLINT, Mich. (AP)—A sleep-in protest moved into its eighth day today on the lawn of Flint City Hall although the demonstrators were under a court order not to tear up the grass.

The protest began after the Flint City Commission defeated an open housing ordinance Aug. 14. The ordinance, which would have prohibited discrimination in the sale or rental of housing, was defeated again last Monday.

Several city officials Thursday asked Circuit Judge Philip C. Elliott to do something to save the city hall landscape.

Elliott issued an order barring the demonstrators from playing football, riding bicycles or leaving their sleeping bags on the grass.

Leaders of the demonstration have been ordered to appear in court next Tuesday to show cause why they should not be made to end their demonstration.

The demonstrators say they will continue their sleep-in until the city commission meets next Monday.

The defeat of the open housing ordinance also prompted Mayor Floyd McCree, a Negro, to announce his intention to resign both as mayor and as a member of the city commission.

McCree remains bedridden at home recovering from an ulcer and has not yet formally submitted his resignation. However, his campaign manager, Nat Turner, says he still plans to resign.

**Boy Loses Foot, Mangled By Train**

WYANDOTTE (AP) — A 15-year-old Wyandotte boy had his left foot amputated Thursday, apparently after it was mangled under the wheel of a train. Police said the youth, Kenny Lesner, told them he became dizzy while walking near the Detroit, Toledo & Ironton tracks in Wyandotte and remembers nothing more. He was found lying by the tracks.

**Today's Chuckle**  
A big shot is the fellow who has his name printed on company letterheads because no one can read his signature.

## Udall Names Farrell As Lakeshore Advisor

Appointment of the 5 member Pictured Rocks National Lakeshore Advisory Commission was announced today by Secretary of the Interior Stewart Udall through the Lansing office of the National Park Service.

Dr. J. Patrick Farrell, Marquette, who recently was promoted to associate professor of geography at Northern Michigan University, Marquette, was named chairman of the commission by Udall. He is a native of Escanaba, the son of Mr. and Mrs. Lawrence Farrell, now of Lansing, where his father serves as head of the state's public employee pension systems.

Dr. Farrell is also director of research and development at NMU.

Vino Mixon, Grand Marais, a retired Coast Guardsman now

Dr. J. Patrick Farrell

pointees had been recommended for posts on the advisory commission. Their formal appointment was announced today along with those of Farrell and Mixon. They are Glenn C. Gregg, Lansing; David C. West, and Leo R. Gariepy, both of Munising.

Gregg, formerly regional manager of the Michigan Conservation Department, Marquette, now is deputy director of the department in charge of parks and recreation. West is chief forester for the Cleveland Cliffs Iron Co., principal land owner in the 67,000 national lakeshore area. Gariepy is assistant personnel supervisor at the Kimberly-Clark Corp. paper mill in Munising and a former mayor of the city.

The commission was authorized by an act of Congress on Oct. 15, 1966 that established the Pictured Rocks National Lakeshore. The act stipulated that the commission should be composed of 5 members, each serving terms of two years.

Two of the 5 are to be appointed from recommendations made by the governor of Michigan, two from recommendations from the Alger County Board of Supervisors and one by the secretary of the Interior. Those appointed on the governor's recommendation are Gregg and West. Appointed on recommendation of the supervisors are Gariepy and Mixon. Appointed by the secretary was Farrell.

in the construction business, also was appointed.

Announcement was made earlier that the three other ap-

## Chamber Urges Yes Ballot On School Millage

Directors of the Escanaba Area Chamber of Commerce, unanimously supports the Education Committee of the Chamber in its recommendation that the public support the request of the Board of Education of the Escanaba Area Public Schools and vote "Yes" in the election on Wednesday, Aug. 30.

After a study of the millage proposal the Education Committee asked the Chamber directors to endorse the request for five mills for five years for school operation.

## Farming Loses Its Legislators

One of the biggest problems confronting agriculture in Michigan is communications, the director of the Michigan Department of Agriculture said Wednesday night at Marquette.

"The people in Michigan really don't understand what agriculture means to them," said B. Dale Ball, Lansing, in an informal speech at Northern Michigan University following a dinner meeting of the Michigan Commission of Agriculture and invited guests.

Although 27 per cent of all payrolls in Michigan are generated by agriculture, the public doesn't have a good comprehension of the role of agriculture, Ball said.

Only one member of the state senate has an agricultural background today, whereas seven came from farming backgrounds a few years ago, Ball noted. Seven House members today have agricultural backgrounds, compared with 30 twelve years ago.

"The job is to communicate with them," Ball said, but added that when representatives of agriculture have explained their needs well, they have not lacked for support in the Legislature, even from urban senators and representatives.

Of trends in agriculture in the Upper Peninsula, Ball said, "Beef has a wonderful possibility in this region. Much can be done to improve production per acre on grasslands. Potatoes have a great future. And there may be quite an opportunity for certain vegetable crops in the Upper Peninsula."

Blaque Knirk, Quincy, a member of the commission, seconded Ball's prediction about the beef cattle industry. "There is so much land in the

Upper Peninsula that can be used for grazing," he said, "and it looks as though it could be a profitable industry here. As the economy improves, people are going to require more red meat to eat." Knirk said, however, that bigger land units are needed to make beef cattle raising commercially successful in the Peninsula.

The commissioners include Knirk, Charles E. Donaldson Jr., Daggett, chairman; Walter Lange, Sebawaing, vice chairman; Mrs. Seth Tompkins, Old Mission, secretary, and Thomas Dewhurst, Benton Harbor.

## Course

MARQUETTE—Principles of law applying to real estate transactions will be presented here this fall in "Real Estate Law," a required course in the University of Michigan's program leading to a certificate in real estate. Information and brochures announcing all courses offered this term in the state-wide program (including one in Escanaba) may be obtained from: Real Estate Program, U-M Extension Service, 412 Maynard St., Ann Arbor, Mich.

## DIFFERENCE

Manslaughter is the unlawful killing of another without malice, expressed or implied. It is the absence of malice which distinguishes this crime from murder.

## Picnic Pavilion At Pioneer Trail Park Approved

Pioneer Trail Park, Delta County's most popular picnic area, is going to get a new pavilion because of the popularity of the park's camping area.

Authorization for the Delta County Road Commission to proceed with the pavilion was granted by the Board of Supervisors Thursday night after William Karas, Road Commission superintendent, reported that revenues from the trailer camp area will provide the funds for the project.

Karas said the County Park fund is expected to have a balance of between \$6,000 and \$7,000 at the end of the year and that if this revenue continues next summer the pavilion could be paid for in two years.

## Labors To Help

The Delta County Trades & Labor Council, which has been pushing for a covered shelter at Pioneer Trail Park for group picnics, is expected to help cut costs of the project by donating labor and skills.

The Road Commission has asked for bids on material for the pavilion by Sept. 26.

From the opening of the park about May 15 through Aug. 20, a total of 2,915 camper nights have been recorded at Pioneer Trail, Karas reported. Figuring about four persons with each unit, that means about 12,000 people have used the camping area so far this year.

Karas said through Aug. 20, Pioneer Trail had served 415 more units than the park had all of last year. The biggest night, he reported, was Aug. 20 (the closing day of the U.P. State Fair) when 128 units jammed into the park. Capacity load is normally 62 units, he said.

The present camping area cannot be expanded; however, without cramping the picnic area, Karas said. Picnic use of the park, he estimated, his doubled in the past five years. Karas reported the camper

## Troopers Find Stolen Property

State Police have recovered a large quantity of stolen property from recent breaking and enterings at Johnnie's Bar and Tom Bartozek's Red Owl Store at Perronville.

Troopers, who were assisted in their investigation by Delta County Sheriff's officers, said they were led to the "pickup load" of goods by a juvenile who was involved in the case. The goods were found in a remote area of Harris Township, Menominee County, along the Ford River.

Officers said the property was "packed in a mile and a half or two miles" to a campsite.

Harold Gardner, 26, of Bark River, who was arrested and charged with contributing to the delinquency of a minor, is expected to be charged with breaking and entering, troopers said. Gardner pleaded guilty to contributing to the delinquency charge Thursday when arraigned before Justice Edward Goldsworthy of Gladstone. He was sentenced to 30 days in the county jail.

State Police said among the items recovered Thursday was a .22 caliber rifle and a considerable quantity of groceries. Officers said recovery of more stolen property is expected.

## Fire Destroys Box Car Loaded With Chemical

Fire of undetermined origin completely destroyed a box car loaded with sodium peroxide at the Chicago & North Western railroad freight yard Thursday night.

Escanaba city firemen battled the blaze from 10:35 p.m. to 1:30 a.m. but were unable to check the burning chemical, a bleaching agent which was being shipped to Mead Corp. here.

The entire box car was destroyed and considerable damage done to the railway tracks and switches because of the extreme heat.

## Menominee MEA Offers To Meet On School Opener

MENOMINEE (AP) — The Menominee branch of the Michigan Education Association has advised Lt. Gov. William Milliken that it is willing to resume negotiations on a new teacher contract with the local school board even if newsmen are present.

The teacher organization, which has filed an unfair labor practice charge against the board, said it was taking the action "for the sake of the school children."

It asked the board for a meeting Saturday morning.

## Charles Burton Dies Thursday

Charles H. Burton, 65, of 1317 Wisconsin Ave., Gladstone, a civic leader and real estate dealer and appraiser, died at 5:30 p.m. Thursday in St. Mary's Hospital, Green Bay, of heart disease.

He had been in failing health for several years and had suffered serious heart attacks in 1950 and in 1958.

Funeral services are to be held at 10 a.m. Monday in the Skradski Funeral Home, Gladstone, where friends may call Sunday after 3 p.m. The Rev. Clifford DeVore of the Memorial Methodist Church will conduct the rites and burial will be in Fernwood Cemetery.

Charles Burton was born in Manistique Oct. 6, 1901 and was an alumnus of Manistique High School, Ferris Institute and Michigan State College, from which he was graduated in 1927 with a Bachelor of Science degree in geology.

He spent 5 years in logging in the Upper Peninsula in 1920-25 before finishing his schooling, was briefly a trapper in Alaska, and for 9 years, 1933-42, was assistant director of all Civilian Conservation Corps camps in Michigan as an official of the U. S. Forest Service.

For two years, 1943-45, he was area forester with the Forest Service stationed in

Lansing. He then worked for two years as a real estate salesman for Walter Neller Co., Lansing and then launched his own real estate business in Gladstone as a licensed broker and appraiser.

For 11 years he was a fee appraiser of the Michigan State Highway Department, appraising hundreds of parcels of property in nearly all the 15 counties of the U. P. for highway right-of-way acquisition. He was also an expert witness for the Highway Department in court actions to acquire property by condemnation.

He was a certified appraiser for the Federal Housing Administration, secretary, 1946-54, of the U. P. Board of Realtors and president, 1954-56, a member of the state and national Boards of Realtors and of the National Institute of Real Estate Brokers.

He wed Bernice V. Columb of Rapid River on May 15, 1931 and she died on Feb. 19, 1965.

He is survived by a daughter, Mrs. John (Patricia) Potvin of Green Bay; two sons, Charles R. of Gladstone and Robert of East Lansing; a brother, Walter of Franklin, Mich.; and two sisters, Mrs. Rudolph (Katherine) Belongie of Florida and Mrs. Bud (Nona) Blank of California.

Charles H. Burton

## Series Of B&Es Reported Along Escanaba River

Breaking and enterings at five cottages on the Escanaba River in Cornell Township, a cabin in Harris Township, Menominee County, and at a Rte. 1, Escanaba, home are under investigation today by State Police of the Gladstone Post.

Troopers said nothing appeared to be missing at any of the dwellings, although all of them were rifled. Cabins on the Escanaba River entered are owned by Joseph Berube, Wells; Wilfred LeRoux, 415 Dakota Ave., Gladstone; Mrs. James Kennedy, N. 16th St., Gladstone; and Mrs. Isabel Pilon, 509 Wisconsin Ave., Gladstone. The owner of the fifth has not been determined.

Officers said the breaking and enterings took place about 1:30 a.m. Thursday and that the intruders fled after they aroused persons sleeping in another cabin.

The cabin in Harris Township is owned by Homer Elliott, Kingston, and the home on the Old State Rd. by Mrs. Roger Williams, 1221 9th Ave., S., Escanaba, officers said.

## Capt. Anderson Announces 13 Rank Promotions

Promotions of 13 members of Company E, 107th Engineers, Michigan National Guard were announced today by Capt. George Anderson, unit commander.

Promoted from Private First Class to Specialist 4 were Davin Boileau, Donald Boyce Jr., Richard Collins, Ronald Parlato, Larry Pepin and Robert Potvin. Advanced to the rank of Private First Class were Allen Erickson, Robert Hengesh, Richard Dubord, Larry LaCusce, Bruce Virgo, Thomas Rockman and Wayne Madaliniski.

Anderson said all men have been tested in practical command situations and in military knowledge and have proven their value to the operations of the unit.

Company E will begin 32 hours of riot control training with drills Saturday and Sunday, each starting at 7:30 a.m.

## In Service

PFC Richard C. Gustafson, 20, son of Mr. and Mrs. Carl Gustafson, 1130 Sheridan Rd., has recently been promoted to Spec. 4. He entered the Army in July of 1966 and received his basic training at Ft. Gordon, Ga. He was then transferred to Ft. Belvoir, Va. where he received training in engineer maintenance. He is presently stationed at Ft. Riley, Kan. Spec. 4 Gustafson is a 1965 graduate of Holy Name High School.

## Obituary

GOTTHARD GUSTAFSON Complete funeral services for Gotthard Gustafson were held at 2 p.m. today at the Anderson Funeral Home Chapel with Rev. Konstantin Wipp officiating. Burial was in Gardens of Rest Cemetery.

## Urge Slum Jobs To Deter Riots

(Continued from Page 1)

is unable to provide employment to those who are both able and willing to work," the group said, "then in a free society the government must of necessity assume the responsibility and act as the employer of last resort or must assure adequate income levels for those who are unable to work."

For the short run, the group decided, the private sector is unable to provide the jobs.

So the coalition recommended a federal emergency work program to provide jobs for one million of the unemployed "at the earliest possible moment."

## City Asked \$274,000, Gets \$64,600

# Harvey Protests Airport Grant

An announcement by the Federal Aviation Agency in Washington that Escanaba has been granted \$64,600 for airport improvements drew an immediate protest today from Escanaba City Manager George Harvey.

Harvey said Escanaba had requested about \$274,000 from the federal government in matching funds for the major improvement plans.

"I'm not going to let this rest," Harvey said. "I want a full explanation from all our representatives in Washington. 'All we got is the money to

## Robert Sullivan Takes Habit Of Franciscan Order

Brother Eric Robert Sullivan, son of Gordon and Eleonore Sullivan of Escanaba, was invested in the brown habit of the Order of Friars Minor in recent ceremonies at the Cincinnati Province Novitiate at Holy Family Friary, Oldenburg, Ind.

Brother Sullivan now begins one year of spiritual formation at the Novitiate, where he will live the life of a Franciscan and learn the rules of the order. At the end of this year of training he will make his first religious vows—the simple and temporary vows of poverty, chastity and obedience for a period of three years.

Brother Sullivan attended St. Joseph School and Holy Name High School, in Escanaba, graduating in 1965.

pave the runway," he continued. "We also need an additional \$135,000 for taxi-ways and approaches, \$25,000 for an access road, \$40,000 for a turnaround and \$10,000 for land."

"What good is a runway without a taxiway or apron?"

Announcement of the \$64,600 grant was made by Cong. Philip Ruppe (R-Michigan) this morning, along with announcement of a \$433,600 grant to the Marquette airport and another \$174,750 grant to Iron Mountain.

"Marquette gets \$433,000, Iron Mountain \$174,000 and we get \$64,000," Harvey said. "I want to know what's going on."

Total cost of the airport improvement program planned by Escanaba is about \$750,000, Harvey said, including a terminal building which is not eligible for federal matching funds.

"What good is a terminal building, if we don't get funds to build a road to it?" he asked.

Cong. Ruppe's office said that the Federal Aviation Agency approved a total of \$70 million nationally for airport improvements, \$15 mil-

lion of which went to Michigan.

A spokesman said the Upper Peninsula's share was better than 50 per cent of the Michigan total. He said the grant of \$64,600 to Escanaba was to extend, mark and light the east-west runway from 5,000 to 6,400 feet.

The significance of the runway extension, he said, is that it will allow jet traffic to land at Escanaba.

## Briefly Told

Escanaba Police issued traffic tickets for speeding Wednesday to Dale Nault, 214 N. 18th St.; Irene Gallagher, 1600 Ludington; Roger Viau, Old State Rd.; Glenn Hentz, Cornell, and Jayne Shesky, Spalding. Ticketed for unnecessary noise and no proof of insurance was Emil Couillard, Rte. 1, Bark River, and for defective brakes, Daniel Curran, 301 N. 12th St.

Louise M. Hoffman, 523 1/2 Delta Ave., Gladstone, pleaded not guilty to a charge of furnishing alcoholic beverages to a minor when arraigned before Judge James Fitzharris today. Trial date was set for Aug. 28.

# 3 County CAA Gets \$114,284 Headstart

Approval of a \$114,284 economic opportunity grant to the Delta - Menominee - Schoolcraft Community Action Agency was announced today by Gov. George Romney. The money is to be used for a full-year Headstart program enrolling 135 youngsters 4 and 5 years old.

The program will be the third in three years in the local CAA, but the first all-year activity. Director Ray LaPorte of the three county CAA said it would consist of three classes totaling 45 children in the Menominee public school district; two classes totaling 30 children in the Bark River-Harris School District, which includes Hannahville Indian Reservation, which will meet in St. George's Catholic Church basement, and

classes totaling 75 in the Manistique public schools, most of them in the city of Manistique, but with one class at Germfask.

**To Employ 15**  
The program will employ 15 teachers, aides, cooks, bus drivers, etc., and a coordinator, Jimmy Bruce, 122 S. 18th St., Escanaba, who was graduated from Northern Michigan University three weeks ago with a Master of Arts in education degree.

LaPorte said final plans for Manistique aren't complete because Headstart class sites there may depend on a millage election Aug. 28. If there is a "No" vote there will be a cut-back in schooling which could affect the program's housing.

Of the grant, \$60,000 will go to salaries, with requirement that aides be hired from low income groups, which must supply at least 90 per cent of the students.

**Half A Day**  
The children will go to school half a day, with no general need for special transportation because they'll ride the school buses and be returned by them at noon when they pick up afternoon kindergartners. Headstart will pay 30 cents a mile for special busing.

Teachers will be hired on a full-time basis because they will spend their afternoons consulting with parents of their Headstart students. VISTA workers will also help in the program.

Headstart will accent health, which has been found a top

## Our Tourism Egg

There is a conviction in the Upper Peninsula that it has an egg of tourism which, if it could be placed under the right hen, would hatch out into a very impressive chicken.

This conviction has been helped along by a long, expensive study launched by the Upper Peninsula Committee for Area Progress (UPCAP), financed by the Economic Development Administration and conducted by Michigan State University. The study produced "Guidelines For Tourism — Recreation in Michigan's Upper Peninsula," a 106-page booklet which is to U. P. tourism what the Ebasco Report of 1952 was to the U. P. economy.

MSU recreation specialists who know a great deal about the U. P. recreational potential set down an impressive little mountain of facts about it and contributed some new findings on this much-studied subject and MSU made the report at a luncheon meeting in Ishpeming early this year and said, in effect: Now implement these suggestions!

It didn't, happily, abandon ship after doing this. It assigned its Iain Christie of the MSU School of Hotel, Restaurant and Institutional Management to do follow up work. Chief suggestion of the report was a series of recreational complexes across the Upper Peninsula to attract tourists and give them something to see when they got here. The U. P.'s great natural beauty and its immense historicity (still largely unidentified for the traveler) was judged not sufficient to lure and detain recreational visitors.

The recreational complexes is the egg. It would offer a regional gateway complex at St. Ignace and international gateway complex at Sault Ste. Marie along with a historic complex. The Manistique-Escanaba area would have a water excursion and lumber history complex. Menominee would have a historic harbor and gateway complex. Iron Mountain-Iron River an iron mining historic complex. Ironwood a year around resort complex. The Copper Country a copper mining historic complex. Marquette a year around resort complex with iron mining historic complex. Munising would have a Pictured Rocks orientation.

Along with the major attractions there would be restored Indian villages, fishing towns, restored fur stations, scenic tours, farm recreation, natural resource culture centers, marina developments, second home subdivisions, nature trails, guided hunting and fishing, history interpretations, parks, camps, theaters and other facilities which would make them true complexes.

The Upper Michigan Tourist Association cooperated with UPCAP in the tourism study and after MSU delivered the egg they conferred on how to hatch it. They called in Operation Action-U. P. and other development agencies. The egg is acknowledged with thanks and most of the Upper Peninsula's developers think that it's fertile, but there has been no agreement yet on any plan of incubation.

Latest meeting on the matter at Iron Mountain recently resulted in a plan to create an interim committee to develop plans for organization of a non-profit development corporation to launch the U. P. complexes program. There's no agreement yet on how such a corporation, if and when formed, should proceed.

Some of the advisors, led by Jack English, president of UMTA, want to plunge into a \$25 million project of construction. Others, led by Larry Rubin of the Mackinac Bridge Authority, think it would be better to creep before we run and that the best approach would be toward one of the more promising proposals, like Le Saint de Sainte Marie Historical Sites, Inc., and use it as a demonstration project.

Great problems beset a start on the venture. In any method or size, but great possibilities also attend it. It has been a frustrating challenge to its friends thus far because:

1. Washington may be loose with its grants, but it has turned thumbs down on assistance to phases of the program proposed so far.

2. Commercial financing is leary of such recreational enterprises.

3. The money needs are beyond local means and call for a regional concept with outside financial aid.

4. When and if the egg is hatched it's questionable if the chicken can be healthy because a winter resort or a summer resort cannot be solidly successful in the Upper Peninsula. It takes a combination of the two to give the stability that the big vision of U. P. as a mid-west playground requires.

## The Doctor Says:

By Dr. Wayne G. Brandt

### Sandlot Football Is Peril

Center and guard are the two most important positions in football. They are the prime physical condition. Boys who have had rheumatic heart disease greatly endanger their health by playing in any kind of contact sport, as many have found to their sorrow. Some parents cannot be with him every minute, they must impress on such a boy the need for him to recognize his limitations.

All sandlot football should be restricted to touch football because the absence of protective gear makes tackling extremely hazardous. Flag football is even safer. In this game each player wears a tag in his belt. For a down of football-minded youngsters the "taggers" must remove it from the player carrying the ball.

On the other hand it is estimated that sandlot football costs about 22 percent of all football deaths. For a down of football-minded youngsters the "taggers" must remove it from the player carrying the ball. One of the most prevalent causes of death in sandlot football is the player acting as coach whenever possible. Teach your boy how to relax and roll as he falls to his or pins should be worn, minimize injury. Teach him, if your boy wears glasses, when waiting for the ball to they should have safety lenses assume a flexed position, leaning forward slightly with his knees bent but not stiff. He should not be worn but if one should also learn to keep his head up at all times. These young players rarely, store helmets should not be if ever, engage in the recommended pregame warm-up in time toys and not protective the absence of a coach. For devices.

## Poll Watcher?

## Cairo Policy Shifts Again; For U.S. Aid

By LEON DENNEN

UNITED NATIONS, N. Y. (NEA) — Yugoslavia's President Tito, who has been critical of Moscow's policies in the Middle East, seems to have convinced his friend President Nasser to tone down Egypt's attacks on the United States.

According to the Cairo correspondent of the Yugoslav official newspaper, Borba, Nasser's office for press and censorship has given instructions to Egyptian newsmen "to stop smear attacks against President Johnson."

The Russians are clearly irritated by Tito's meddling. They invested—and are still investing—billions of dollars in military and economic aid to Egypt. To be sure, this aid was given not to help the Arabs but to weaken American influence in the Middle East. Was it all in vain?

Moscow's Pravda has already fired the first editorial shot against the "pro-American lobby" of Egyptians who are ostentatiously striving to turn Nasser away from the Soviet Union and back to friendly relations with the United States.

But the Russians were unduly alarmed. Nasser is one Arab politician who has mastered the art of survival. He wants Russia's arms. He also needs American economic aid to feed Egypt's hungry people.

Thus, to appease Moscow and Tito while making friendly gestures in the direction of the United States, Nasser has found, in addition to Israel, a new villain in the Middle Eastern drama. Red China, Russia's and Yugoslavia's bitter ideological enemy, is the villain.

United Nations diplomats report that a fierce struggle between pro-Russian and pro-Chinese Arabs is undermining Nasser's rule. Egypt's president is said to have purged some 800 army officers who favored Mao Tse-tung's policy of revolutionary brinkmanship. Included among those purged was Nasser's lifelong friend, Marshal Amer, former minister of defense, who has disappeared from public life since Egypt was defeated by Israel.

Borba's correspondent in Cairo, obviously taking his cue from Nasser, even went out of his way to link the defeated Egyptian military commanders with Red China. He claimed that Ahmed Shoukry, the extremist leader of the Arab refugees and some of the Egyptian commanders received instructions from the Chinese ambassador to Cairo at a secret meeting held in Gaza on the eve of the Arab-Israeli war.

## People, Events Of Yesteryears

From the Film of the Escanaba Daily Press

### 25 Years Ago

A total eclipse of the moon was observed by a number of Escanabans recently. The eclipse started at 9 and lasted until 9:30 the progress of the earth's shadow across the full moon was clearly visible.

Spurred by interest shown by oldtime fiddlers and in oldtime fiddling during the 1942 Rolec and a desire to keep music of yesteryear, John B. Swan, Gladstone, champion oldtime fiddler and violin fencer is now making plans for a U.P. organization.

### 50 Years Ago

Charles Folio returned yesterday from Buffalo after representing the Escanaba aerie of Eagles at the national convention of the order which extended throughout last week. Mr. Folio described the convention as a very stirring, patriotic affair.

Police Chief John Toian who is at St. Francis Hospital where he underwent the amputation of a finger, probably will leave the hospital in two or three days.

Africa's highest peak — 19,340-foot Mt. Kilimanjaro — may be preserved in all its natural beauty as a national park. The United Republic of Tanzania invited three men from the U.S. Park Service to study the feasibility of a national park on Kilimanjaro, and their report is favorable.

## Win At Bridge

by Jacoby & Son

### Squeezes Can Be Foreseen

fourth discard. This turned out to be sheer torture but eventually he played his eight of diamonds like a man losing his last tooth.

South noted all this. He cashed dummy's two high spades, led the seven of diamonds, rose with his ace and made his slam.

East was indignant. With West "couldn't you have played your diamonds in the order 3-4-8-9 and without showing any worry? In that case declarer would probably have finessed and gone down two."

East's criticism was justified but if we were looking for a culprit we would have to choose East. When East was in with the ace of spades he should have seen that the only way to set the slam would be if West held the king of diamonds and a spade stopper and East should have led a diamond and broken up a squeeze before it had a chance to develop.

Q—The bidding has been: West North East South 1♣ 1♦ 1♥ 1♠ Pass 2♥ Pass 3♥ Pass 4♥ Pass 5♥ Pass 6♥ Pass 7♥ Pass

Opening lead—♥9

Q—Some occasions it should be easy to see that a squeeze may be developing and to find a lead to break it up. South won the heart opening in his own hand and led his three of spades. Dummy's jack lost to East's ace and East made the safe (?) lead of a heart. South proceeded to run off five club tricks. He discarded the six of spades and queen of diamonds from dummy.

West was one of those players who might be described as poor but honest. His first discard was the nine of diamonds; his second the three of diamonds and his third the four of diamonds. All these presented no problem but when South led a heart to dummy West had to make a

### NETS DEplete WALLEYE

In answer to letter in Escanaba Press of Aug. 21, by Roy Jensen, Secretary of Michigan Fish Producers Association, I would like to bring up a few things to get the record straight. He didn't say whether the commercial fishermen, of Michigan or Wisconsin, paid him for his trips to Washington, D. C., Lansing, Michigan, and most all other meetings to represent their interests. I can't see how any person can represent the commercial fishermen and sport-fishermen at the same time. I refer to the Great Lakes only.

The gill nets that stretched hundreds of miles and the record take of walleyes in the year 1950 of 1,294,818 pounds was the beginning of the end of our great walleye fishing. Where the gill nets didn't catch them they set trap nets with long leads right on shore where you could even wade out to them. The walleyes that came in to shore to spawn were caught and held in trap or pound nets till they could legally sell them, not allowing them to spawn. They were sold to local fishhouses and other buyers with the spawn running out of them. The Walleye Protective Association of Delta County worked hard to change the law so commercial fishermen could not set their nets for walleye until the season opened for sport-fishermen on May 21st allowing the walleye a chance to spawn.

The commercial fishermen flooded the market with walleyes in the year 1950 until the price per pound was near comparable to trash fish. The letter refers to the small walleyes that were caught by sports-fishermen which is a joke as at that time we had lots of large walleyes and why take small ones. The very few walleyes that were left to rot by sports-fishermen was a drop in the bucket compared to the thousands of pounds of fish left in the un-tended gill nets to rot.

The present walleye population in the bay is extremely low—most of them large mature fish weighing 5 to 8 pounds. This means that there are just a few left for broodstock. We must conserve them if we are to hope for a comeback of them through natural spawning.

I believe that unless the walleyes are closed right now to commercial fishing, we will have to start from scratch just the way they had to to bring the lake trout back.

The Conservation Department is spending a large amount of our money to restock the Great Lakes. The commercial fishermen have no money invested in these fish, but are slowing down the recovery by taking them in their gill-nets and paying nothing for them. I understand it costs the department around two dollars a pound to raise these fish. Now do you think we should supply the restaurants and hotels with these costly planted fish? We should all get behind our Conservation Department and let them know that we oppose the taking of fish with gill-nets—emphasizing that once a fish is gilled it is destroyed.

Albert R. Wickham  
Rapid River, Michigan

### Rob Supermarket

DETROIT AP — Three gunmen herded 31 customers and employees into a meat cooler at a supermarket on Detroit's Northwest Side Wednesday, and escaped with \$2,500. The manager, Nels Kestala, 42, was pistol-whipped when he was held but did not know the combination to the safe.

Dear Ann Landers: When does "minding one's business" cease to be a virtue and begin to be an act of cowardice?

This morning I heard a youngster crying in front of my house. I looked out to see a little neighbor child surrounded by four jeering children. The boy was wearing a diaper over his trousers and had a cardboard sign around his neck which read, "I am seven years old and I still wet my bed."

I was furious and went outside and began to remove the sign and the diaper. My husband stopped me and said, "It is none of your business."

I know the child's mother. She is a divorcee and as nutty as a fruitcake. Her oldest boy plays centerfield with his thumb in his mouth. A middle child, a girl, has a nervous eye tick and stutters. Now this little fellow is being tortured because he wets the bed.

Should I try to help these kids by talking to them? Or should I plead with the deranged mother to get some help for her children? NO NAME PLEASE

Dear N.N.P.: Pleading with deranged people is useless. Your best bet is to have a talk with the teachers in whose classes these unfortunate children will be next fall. Surely they will recognize evidence of a tragic home life. Your information and interest should encourage the teachers to investigate and see that the appropriate steps are taken to save these kids.

Dear Ann Landers: Our daughter wants to go steady. I see nothing wrong with it since the boy is a very nice lad and comes from a good family.

My husband is against it. He says it is ridiculous to allow a 13-year-old girl to accept a boy's friendship ring and go only with him. I understand from friends that going steady does not mean what it did in our day. They claim it is the "in" thing and that most kids outgrow it.

We have been having some fairly heated discussions on this subject since my husband and I are divided. The lineup is now two against two. Our 17-year-old son sides with his father. What do you say?

## Welfare Board To OK Nursing Home Repairs

Minor changes required by the State Fire Appeals Safety Board at the Delta Nursing Home will be authorized today by the Delta County Social Welfare Board.

Edward Murphy of Gladstone, a member of the board, informed the Board of Supervisors Thursday night that the changes would be initiated immediately in hopes of getting

the State Fire Appeals Board to grant a year's extension of the deadline for closing the home.

The Nursing Home has been ordered closed by Oct. 1 for failure to meet state fire safety standards. County officials are hopeful of gaining a year's extension in the deadline to allow Willow Creek Developers, Inc., of Escanaba time to construct a new 60-bed Medcenter near Doctors Park.

The Medcenter facility, officials hope, would take some of the patient load from the Delta Nursing Home.

The Fire Appeals Safety Board, at a hearing in Lansing Wednesday, indicated it would look favorably on the request for a year's extension if the minor repairs and changes were made at the Delta Nursing Home and Mrs. Della Peterson, superintendent, remained in her present position. The Appeals Board also said it would require written reports every three months on the progress of the new Medcenter or other plans to care for Nursing Home patients.

**Concern Remains** Mrs. Peterson informed the Board of Supervisors last night that she would be willing to continue as superintendent of the home.

Changes required at the home include removal of door closures, removal of hooks from outside doors and installation of a covered trash area at the back of the home, plus other minor repairs. Expense to the county will be minimal.

Although apparently a year's reprieve is coming on the Nursing Home, members of the Board of Supervisors still indicated grave concern over the situation.

"We're depending on the Doctor's Park facility to take care of our need and it isn't going to do it," said Cecil Chase of Escanaba.

George Rusch, also of Escanaba, said "We've got a bigger need than is evident right now."

"I think it is our duty as supervisors to plan a 50-bed home and I think we've got to do it right now," added Roy Jensen of Escanaba.

Frank Stupak of Gladstone pointed out, however, that it

would be better to have private individuals develop nursing homes in Delta County than to have the county proceed and he said the Planning Commission, of which he is chairman, has been investigating this possibility.

Thomas McDermott, director of social welfare, suggested the county initiate a detailed study of long-range needs, including an up-to-date assessment of all the nursing home resources in the county. He also suggested investigating the role of proposed facilities, such as the Doctor's Park Medcenter, toward what he termed "medically indigent" people.

**Request Denied**

In other action, the Board denied a request by the Delta County Trades & Labor Council for a contribution to help finance the annual Labor Day picnic; approved an expenditure not to exceed \$400 for a combination door, new drapes for the Sheriff's residence at the county jail and top soil and gravel to landscape the front entrance, and authorized Chairman Charles Sedengist and Clerk William Butler to sign a lease with Doctor's Park to house County Mental Health offices.

## Flint Police Seek Girl Slaying Clues

FLINT (AP) — The search continued today for the killer of a 17-year-old Flint girl whose body was found in a creek near downtown Flint.

Police said the girl, Linda Vuilleumot, apparently was attacked while walking home from a downtown beauty school. They said she had been raped and beaten.

Police conducted a house-to-house check of the area Thursday in an attempt to find clues in the slaying.

## Stocks Suffer Fifth Decline

NEW YORK (AP)—The stock market headed for its fifth straight daily decline in moderately active trading early Friday.

Losses outnumbered gains by more than 3 to 1 on the New York Stock Exchange.

The Dow Jones industrial average was down about 5 points.

Down a point or more were such stocks as Boeing, United Aircraft, du Pont, IBM and Xerox.

General Motors and United Air Lines lost about a point each.

Standard Oil of Indiana and Consolidated Cigar bucked the trend with gains of at least a point.

Steels, autos, aerospace issues, utilities, nonferrous metals, chemicals, rails and oils were among the losers.

## Charge Negro Started Riot

DETROIT (AP) — A man accused of playing a major role in starting last month's riot has been ordered to stand trial.

Michael Lewis, 22, a Detroit factory worker, was bound over Thursday for trial by Recorder's (criminal) Court Judge Joseph A. Gillis on three counts of rioting and inciting to riot.

At a preliminary examination Thursday, two Detroit policemen identified Lewis, a Negro, as the man they saw directing crowds in three separate incidents on July 23, the day one of the worst racial riots in U.S. history started.

Patrolman Edward Zimmerman testified he saw Lewis shout, "Let's kill them Whites. Don't let them take these people away," as police raided an illegal drinking establishment on 12th Street.

The raid touched off the first violence in the riot. Zimmerman said the crowd that had gathered in the street during the police began to close in on the police after Lewis shouted.

Police Sgt. Lawrence Mulvihill testified he saw Lewis shout, "There's the cops now. Let's run them out" at a crowd in a second incident an hour later.

Zimmerman also said he saw Lewis a second time, about four hours after the riot began, directing looters to stores along 12th Street.

## Henry J. Kaiser Dies In Honolulu

HONOLULU (AP)—Henry J. Kaiser—founder of a billion-dollar industrial empire spread over 40 countries—died in his sleep Thursday. He was 85.

Kaiser was at his oceanfront estate about 10 miles from Honolulu when he was stricken by a circulatory and heart condition.

At his side were his wife Alyce, whom he married after the death of his first wife in 1951; his son Edgar and Edgar's wife.

Kaiser was born May 9, 1882, at Sprout Brook, N.Y., one of four children of German immigrants. He started his career as a \$1.50-a-week clerk in a Utica, N.Y., dry goods store after leaving school at 13 to help support his family.

Kaiser never longed for the "good old days." While celebrating his last birthday, the founder of the \$2.7-billion complex said, "Yesterday is past... I always want to live this day to the fullest and to plunge into tomorrow's job."

There was almost nothing Kaiser did not have a hand in: giant dams such as Hoover, Bonneville, Grand Coulee and Shasta; famed Liberty ships of World War II; the familiar

Henry J. Kaiser

Jeep; the Kaiser health centers; cement; aluminum; steel; chemicals; aircraft and missile components and electronic equipment; radio and television stations; hotels; and the latest, a new community of Hawaii-Kai in Honolulu with projected population of 60,000.

Pink Kaiser cement trucks carry a slogan, "Find a need and fill it."

This Kaiser did—in Kaiser pink. He chose a coral-purple color as a Hawaiian trademark, putting it on speedboats, catamarans, outrigger canoes, jeeps and even his clothing.

"Pink makes you feel good," he said.

About the only venture in which Kaiser didn't achieve the success he sought was in making cars. For 10 years, 750,000 Kaisers, Kaiser-Frazer's and Henry J's rolled off the assembly lines. But competition was too stiff. Kaiser withdrew to concentrate on the Jeep-utility vehicles of all times.

While building his industrial empire, Kaiser was mindful of his employees.

This brought the founding of the world's largest private system of hospitals and prepaid medical care — Kaiser's pride and joy.

Kaiser turned over active direction of the Kaiser Industries to his son Edgar and moved to Hawaii in 1954. He continued as board chairman to his death.

An average of 537,773 animals, excluding white rats and mice, is used annually in research laboratories by 86 U.S. schools of medicine.

## 27 Strike; 600 Idled At C&H

CALUMET (AP) — Some 600 workers remained off the job today at the Calumet Division of Calumet & Hecla, Inc., when members of the United Steelworkers union (USW) honored picket lines by 27 striking employees.

The strike affects laboratory, warehouse, smelter and mill employees at the copper firm's Keweenaw Peninsula complex. Some 600 miners have not yet been affected by the picket lines.

The 27 workers went on strike Wednesday to back demands for an interim contract with the company to tide them over until next year when they will be represented by USW Local 4312 at negotiations.

The 27 voted earlier this year to be represented by the union, but got permission from the National Labor Relations Board to seek a temporary agreement until they are covered by the steelworkers contract.

## Scout Pack 411 Holds Final Event Sunday

Wallace Marengier, chairman of the Cub Scout Pack 411, has announced the August program. The final pack activity will be held on Sunday, Aug. 27, at the Yacht Basin in Ludington Park.

The program will start at 2 p. m. and continue all day. Games will be played and the day will be concluded by a fishing contest. Boys who have life jackets are asked to bring them. Families who wish to may bring a picnic lunch. Pop will be furnished.

Russell H. Willyard, cubmaster, announced there will be an award ceremony for the cubs who have advanced during the summer.

This event will be the Pack 411 final gathering. The Jefferson School is no longer available for meetings so the pack is being dissolved. At this meeting each cub will receive a transfer paper. This will show when he received his ranks.

This transfer is to be given to the cubmaster of the pack he will join. It is hoped this will avoid any confusion with the cubs going into new packs.

## Toll Now 660 Combat Craft In War Action

(Continued from Page 1)

pulled back after about four hours of probing attacks which were met by ground fire and air strikes guided by flareships.

In a delayed report, the U.S. Command said Marine artillery killed 26 of the enemy in the same general area Wednesday after an air observer spotted Red forces moving on the ground. No U.S. casualties were reported in that action.

**B52's Strike Guns** Eight-engine U.S. B52 bombers returned to the demilitarized zone for three raids today against suspected North Vietnamese fortifications and gun positions.

A North Vietnamese report said U.S. bombing raids on Hanoi between Aug. 11 and Aug. 23 killed 76 civilians and injured 151. The East German news agency ADN reported Thursday.

ADN's Hanoi correspondent said North Vietnam's "commission for the investigation of American war crimes in Vietnam" presented "clear evidence that the raids were chiefly conducted against the most densely populated parts of the city."

## Dedicate College

GREENVILLE (AP) — Lt. Gov. William Milliken is scheduled to speak at the dedication Sept. 26 of the Montclair County Community College which opens its doors to about 150 full time students next week. Two years ago Gov. George Romney spoke at ground breaking ceremonies for the college.

## Three Weekends To Fish Trout

The mosquitoes have left for this year but the black flies are still around in mild force to plague the fishermen. The fishing in general has been reported good. Trout fishermen have only three more weekends for trout fishing on inland trout lakes and streams.

Symbols of fishing conditions: Excellent (E), Good (G), Fair (F).

**Coho (Silver) Salmon:** Alger County — Lake Superior off Grand Marais (G). Fish being caught by trolling with artificial lures. Schoolcraft County — Thompson Creek (F).

**Rainbow Trout:** Chippewa County — Soo Rapids (F). Tahquamenon Bay (F). Luce County — Big Two Hearted (F). Schoolcraft County — Clear Lake (F).

**Brook Trout:** Brook trout streams are a little high and roily due to the recent rains but should settle back to normal in a few days. Chippewa County — most streams reported fair. Luce County — Silver Creek, Tahquamenon River, Peasant Lake (F). Mackinac County — Upper Millicocquins (F), Point Patterson Creek (F).

**Northern Pike:** Chippewa County — St. Marys River (F), Lake George (F), Munuscong Bay (F). Luce County — Tahquamenon River (F), Betsy Lake (F), Manistique Lake (F). Mackinac County — Les Cheneaux Area (G). No. 1 bait—

live, No. 2— artificial. Schoolcraft County — Indian Lake (F), Stueben Lake (F), Snyder Lake (F), Stanley Lake (F). A 17½ pound northern pike was caught by Fred Phillips of Utica, Mich., while fishing for perch in Little Chapel Lake north of Melstrand in Alger County.

**Walleye:** Chippewa County — Upper St. Marys River (F). Northern Michigan Power Canal (G). Luce County — Manistique Lake (F), Tahquamenon River (G). Mackinac County — South Manistique Lake (F).

**Smallmouth Bass:** Chippewa County — Lake George (F), Middle portion of St. Marys River (G). Mackinac County — Les Cheneaux Channels (F to G), Green Island, Straits area (F), Hog Island, Straits (F).

**Yellow Perch:** Chippewa County — Waikwa Lake (G), Hulbert Lake (F). Mackinac County — Green Island (F), Millicocquins Lake (G), Les Cheneaux Channels (G) using both worms and minnows for bait.

**Bluegills:** Luce County — Deadmans Lake (G), Mackinac County — Whitefish Lake (G). Schoolcraft County — Bass Lake (F), Colwell Lake (F), Boot Lake (F), Twin Lake (F), Sunken Lake (F).

**Rock Bass:** Alger County — Grand Sable Lake (G). Chippewa County — Middle of St. Marys River (G). Luce County — Round Lake (E), Tahquamenon River (G). Mackinac County — Millicocquins Lake (F). **Bullheads:** Alger County — Nawakwa Lake (E). Luce County — Tahquamenon River (F). Mackinac County — East Lake (G).

## Reception Honors Scott Romneys Tonight

BLOOMFIELD HILLS (AP)—As pink and white "lovebirds" flutter in gilded cages, some 750 guests are expected tonight and Sunday at receptions honoring the marriage of George Scott Romney, son of Michigan's governor, and the Ronna Eileen Stern.

Romney, 25, and his petite, blue-eyed bride were married at the Mormon Temple in Salt Lake City Wednesday. Gov. and Mrs. George Romney attended the ceremony.

The young couple were to return to Detroit today after a brief honeymoon in Chicago. They will leave early next week for a 14-day visit to New York and Bermuda.

Industrialist Will Harry Kraus and Mrs. Kraus, stepfather and mother of the bride, are to host gathering of some 350 tonight at a black-tie dinner dance at the Bloomfield Hills Country Club.

Among the decorations at tonight's reception will be a pink, eight-tier cake with spun sugar doves. Guests will be served shrimp cocktail, filet mignon, baked potato and broccoli with hollandaise sauce.

A 12-piece orchestra and a trio will entertain. For the occasion the blonde bride will wear a full-length, short-sleeved, peach crepe dress with cascade beading in front and back.

## Killed In Vietnam

WASHINGTON (AP)—Spec. 4 Lindsay D. Baldoni, son of Mr. and Mrs. Helen Baldoni of Detroit, was among 23 servicemen listed by the Defense Department Thursday as killed in action in Vietnam.

The principality of Monaco on the French Riviera is only half the size of New York's Central Park.

## MANISTIQUE

## 'Stique-Munising Women's Golfing Winners Listed

Winners in the Munising-Manistique day program at Indian Lake Golf and Country Club were Mary Jane Ward, low gross, Munising; Phyllis Carlson and Marijane Malloy, and Marijane Malloy of Manistique, had the longest drives on No. 1. Sunken approach honors were won by Margie Spawr and Olive Smiths. Special awards were won by Marge Kriekard of Munising and Monica Kelly of Manistique. Bridge winners were Helen Jean Voisine, Mrs. John Kelly, Mrs. Carl Carlson and Mrs. A. W. Cockram.

Reservations for Aug. 30 play should be made by Tuesday noon by calling at the club. Hostesses are Mrs. Jack Williams, Mrs. Don Schulze, Mrs. K. W. Zimmerman, and Mrs. John Strable.

Pairings are: J. Kasun—W. Phillion; C. Carlson—E. Cooks; F. Gorsche—A. J. Radgens; B. Johnson—A. Carpenter; E. Jackson—E. LeBrasseur; R. Brandstrom—B. Malloy; W. Howe—E. Thompson; J. Kelly—N. Modders; H. McGothlin—O. Smiths; G. Pawley—H. LaBar; H. Bowman—M. Laux; H. Brotherton—G. Miller; W. Avery—J. Davidson; C. Anderson—B. McKilligan; H. Peters—E. Flodin; R. Provo—R. Paquette; J. Strable—C. Johnson; C. Spawr—T. Richards.

## Briefly Told

Mrs. Harriet Dixon, 135 S. Mackinaw, was taken to Schoolcraft Memorial Hospital by ambulance Aug. 23.

State Police reported a car driven by Roger Earl Child, 18, of Hopkins, Minn., struck the rear of a car driven by Harriet Musselman, 57, of Germfask, in an accident at 6:40 a.m. Thursday on U.S. 2, two miles west of Gulliver. The Musselman car was slowing for traffic ahead. There were no injuries. Roger Child was ticketed for violation of the basic speed law.

## Hospital

Admitted to Schoolcraft Memorial Hospital were: Orville Leville, Carol Krummich, John Betterly, Diane Farney, Ruth Nylander, Dean Brown, Madge Beckman, John Salter, Don Laverly, and Harriet Dixon. Discharged were: Patricia Tomiko and baby, Connie Osterholt, Daniel Holbrook and Mike Schnurer.

## Sociologist Says All Share Guilt In Summer Riots

ANN ARBOR (AP) — All Americans share major complicity for riots in Detroit and other U. S. cities, a Detroit city councilman said today.

The statement was made by Councilman Mel Ravitz, a sociologist at Wayne State University, in a paper prepared for a conference on "Breaking the

Poverty Cycle" sponsored by the University of Michigan's School of Social Work.

Ravitz said the cause of the urban riots "is the fact that we have maintained a dual society, while pretending either that the other America didn't exist or that we had given its members enough to keep them quiet if not content."

"All of us share major complicity for these absurd and self-defeating acts of arson, looting and death," he declared.

Concentrating on urban housing problems, Ravitz said that people get shifted around as a result of renewal, freeway construction, poverty and simple bureaucratic buck-passing. These people, he said, "will one day loose their pent up animosity and hatred in wild ways against the symbols of the system that contains them."

Ravitz said that despite the bulldozer operations of the past two decades, basic housing needs have not been met.

Detroit alone has 8,000 fewer housing units now than in 1960, he said, and much of the city's new housing has been beyond the financial reach of the people displaced by urban renewal.

"Actually, we merely move these families around from one slum to another in a vicious game of musical houses," he added.

"Very little effort has been expended to use the displacement situation as the opportunity to discover a person's or a family's various problems, and then to invite appropriate agency intervention to assist in the solution of these problems."

## Alan Beals Named As Antipoverty Area Director

WASHINGTON (AP) — Alan Beals, 34, has been named director of the Great Lakes Regional Office of the federal Antipoverty Agency, the Office of Economic Opportunity, it has been announced.

Beals has been acting director of the region since February. He previously worked as a poverty consultant with the Metropolitan Fund in Detroit, where he advised six counties in the development of anti-poverty programs.

The Great Lakes region, with offices in Chicago, covers Michigan, Illinois, Indiana, Ohio, Wisconsin and Minnesota.

### TRAVELING TURTLE

The turtle is proverbially one of the slowest of all animals and there is justification for this reputation, especially for some land forms. Yet a species of green turtle has been known to swim 300 miles in 10 days, according to the Encyclopaedia Britannica.

PETER BRECLAW, Escanaba city electrical inspector, explains some electrical equipment used in instruction at Bay de Noc Community College, to Grant Peterson, left, who will be entering the college this fall.

## College Offers Evening Classes For Skills, Fun

Bay de Noc Community College's continuing education program for evening students is keyed to recreational, technical and occupational needs of persons who are employed and cannot attend any college at another time.

Recreational course offerings are not of the games and fun variety; they are intended for those who would like to develop their interests and appreciation of art and music to give their recreational hours new direction and meaning.

The course in music appreciation will develop the variety and types of musical forms.

It is intended to improve interest and allow the student to appreciate classical - romantic or modern music.

Vocational offerings will include blue print reading and mechanics and heat. Both courses are intended for those who need this knowledge in their work or who desire additional job competence.

A variety of special vocational courses may be added after completion of fall registration. One such course is the repeat of the instruction on the National Electrical Code. Vocational courses within the community service concept of college policy will be considered for presentation as the demands are generated by the community.

Open registration for the community service, continuing education programs is Saturday, Aug. 26 from 8:30 a. m. to 4:30 p. m. A schedule of specific course hours and complete list of program offerings may be obtained at the college or by calling 786-5802.

## Police Beef Up Labor Day Patrol

EAST LANSING (AP) — State Police reports it will beef up patrols to the maximum in an effort to cut highway fatalities during the three-day Labor Day weekend.

All available troopers will be on the highways with the greatest daily coverage from 3 p. m. until 9 p. m.

The holiday death toll will be compiled for a period from 6 p. m. Friday until midnight Monday. Last year, during the Labor Day weekend, 39 persons were killed on Michigan highways.

## Governors Of 13 Mid-West States To Discuss Riots

LANSING (AP) — Gov. George Romney is expected to join 12 other Midwestern governors Monday for a closed-door discussion on riot control.

Members of Romney's staff said Gov. James Rhodes of Ohio suggested the chief executives of 13 states take up the topic during their Midwestern governors conference at Lake of the Ozarks, Mo.

The aides said Rhodes asked each governor to bring this state's National Guard commander to the Missouri talks.

A reception for the governors is scheduled Monday night. Tuesday will bring general discussions and a black-tie dinner in the evening. A two-hour closing session Wednesday is to wrap up the conference.

Romney moves to Springfield, Mo., Wednesday night to appear at a Green County Republican fund raising dinner.

## Ahart To Head Younger GOP

LANSING (AP) — Thomas Ahart of Detroit has been named chairman of the Michigan Federation of Young Republicans, the first Negro to head the group. GOP State Chairman Elly Peterson has announced.

Ahart, 29, succeeds David Kendall of Jackson, who resigned.

The new federation head has been active in the party since 1962, serving as chairman of the Downtown Young Republican Club in Detroit, as a delegate to party conventions, and as the GOP nominee for the 9th District House seat last year.

### MORE TRACTORS

In North America, there is one agricultural tractor for every 125 acres of arable land, as compared with the Far East which has only one tractor per more than 10,000 acres.

# Women's Activities

## Carol Ann Janowski, Thomas Butler Wed

Miss Carol Ann Janowski of Bruce, Wis., chose a floor length white peau de soie gown for her wedding Saturday, Aug. 5 to Tom Butler, son of Mr. and Mrs. Burton Butler of 1824 9th Ave. S., Escanaba.

The 4 p. m. ceremony was solemnized by Rev. Larry Hendrickson at the Nathaniel Lutheran Church in Bruce. The bride was given in marriage by her father. Parents of the bride are Mr. and Mrs. George Janowski of Bruce.

### Pearl Trim

The bride's gown featured an Empire waistline, scoop neckline and pearl trim on the bodice and skirt. Her veil of silk illusion was attached to a pearl trimmed crown and she carried a bouquet of cascading stephanotis and gardenias.

The matron of honor, Mrs. Dick Holm wore a floor length gown of moss green Irish linen with a bone lace cage, designed by the bride's mother. Her matching picture hat was of the same fabric and she carried a cascade arrangement of yellow and white carnations.

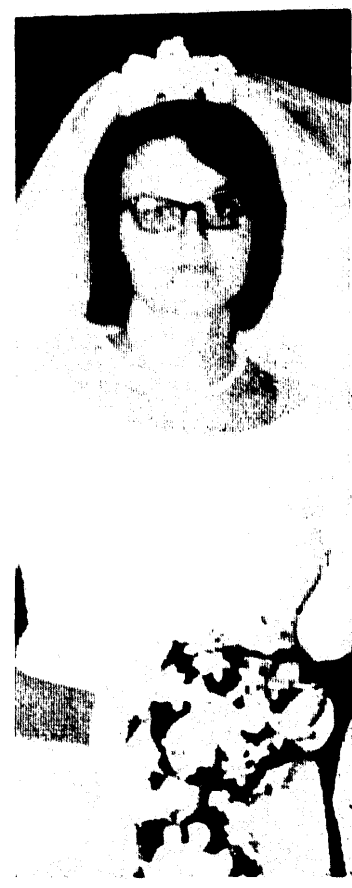

Bridesmaids were Miss Linda Butler of Escanaba, sister of the bridegroom and Mrs. Gerald McCulloch of Superior, Wis. Their attire was identical to the maid of honor.

John Fisher of Baltimore, Md. served as bestman and groomsmen were Gerald McCulloch of Superior and Gary Lincoln of Milwaukee. Seating the guests were Don Olmstead of St. Paul, Minn., Dick Holm, Bruce, Wis., Tom Shipshock of Turtle Lake, Wis. and Jim Blasko of Weyerhaeuser.

### Reception, Supper

Following the ceremony a wedding supper and reception was held at the Club 8 located between Bruce and Ladysmith. The rehearsal dinner was held at Taylor's Resort.

Following a honeymoon trip to Colorado, the newlyweds will be at home at 703 Wedgewood Ave., Eau Claire, Wis. where Mr. Butler is employed with the Eau Claire Board of Education and his bride is employed with the Augusta School System.

Mrs. Tom Butler

## Reception To Honor Mrs. Gladys Swenson

Members and friends of the Calvary Baptist Church will hold an informal coffee fellowship in honor of Mrs. Gladys Swenson who is leaving our city.

Mrs. Swenson is beginning work at Bethel College in St. Paul where her daughter, Beverly is a student. She will be employed in the college office. Mrs. Swenson is the wife of the Rev. Berger Swenson, former pastor of the Calvary Baptist Church who passed away while ministering here.

The evening service will be from 7 to 8 o'clock and the farewell reception will be held immediately following the service.

Buy and sell the classified way.

## Merle Anderson, Max Honn Exchange Vows

Miss Merle Ann Anderson became the bride of Max (Mike) Honn on Saturday, Aug. 19 at 2:30 p. m. in the Northpost Chapel, overlooking the Arlington National Cemetery, Arlington, Va.

Officiating at the double-ring ceremony was Chaplain Charles Day, head chaplain of the Arlington National Cemetery and the Washington, D. C. military attachments.

Parents of the couple are Mrs. F. C. Anderson, Milwaukee, Wis., and Mr. and Mrs. Max L. Honn, Normal, Ill. Attendants for the couple were Mr. and Mrs. Douglas Williamson, Chicago.

A champagne reception was held at the Georgetown home of Mr. and Mrs. Frank Tribbe. Mr. Tribbe is deputy director of the U. S. I. A.

The bride is a graduate of Escanaba High School, Illinois State University and is presently a teacher of physically handicapped children. Honn is a 1965 graduate of Illinois State University and is currently stationed at Headquarters Company, office of the Joint Chiefs of Staff, Washington, D. C.

The newlyweds will reside at 3912 Bruce St., Apt. 102, Alexandria, Va.

Relatives attending from this area were Mr. and Mrs. Glenn Ahlin, Dale Anderson and Miss Marilyn Olson all of Escanaba, and Mr. and Mrs. Gordon Anderson, Milwaukee.

Mrs. John R. Lindstrom (Gordon Nelson Photo)

## Barbara Klug Bride Of John Lindstrom

The First United Presbyterian Church in Escanaba was the setting Saturday, Aug. 19 for the double ring wedding ceremony uniting in marriage Miss Barbara Ann Klug and John R. Lindstrom.

Vases of white gladioli and mums adorned the altar for the nuptials and the pews were marked by large lighted white candles with greens and ribbons.

Officiating at the 2 p. m. ceremony was Rev. Phillip Lyon. Traditional organ music was played by Mrs. David Briggs Jr. and soloist was Mrs. Kenneth Benson.

Parents of the couple are Mr. and Mrs. Lawrence E. Klug of 9 N. 2nd St., Wells and Mr. and Mrs. Wilbert R. Lindstrom of 1408 6th Ave. S., Escanaba.

### Peau De Soie

The bride selected for her wedding an all white gown of ribbed peau de soie fashioned with empire bodice trimmed with Swiss lace, high scoop neckline and lace edged three quarter length sleeves. Her floor length sheath skirt was unadorned and a removable chapel length train flared from the waistline.

A half hat of organza roses and Lily of the Valley held her bouffant veil of imported illusion and she carried a cascade bouquet of white roses, feath-

ered carnations and English ivy.

Maid of honor for her sister was Miss Pamela Klug of Wells and bridesmaids were Miss Joanne Morgan, Trenton, Mich., a college roommate of the bride, and Mrs. Robert Villeneuve, Escanaba, a sister of the bridegroom.

They were attired in pale yellow A-line gowns styled with high scoop necklines and Empire waistlines which were detailed with embroidered flowers in shades of yellow, orange and avocado green.

Matching floor length veils were attached to single tulle roses trimmed with seed pearls. They carried cages of orange, yellow and bronze mums with trailing ivy and matching ribbon.

Serving as bestman was William Spieth of Escanaba and groomsmen were Fred Kozemazak of Chicago and Robert Villeneuve of Escanaba, brother-in-law of the bridegroom.

### Mother's Attire

Mrs. Klug attended her daughter's wedding attired in a three piece blue knit suit with matching accessories and was presented a corsage of blue tipped carnations. Mrs. Lindstrom wore a blue two piece dress with matching accessories and a blue and white carnation corsage completed her attire.

The reception was held from 3:30 to 6 p. m. at the Dells Supper Club and assisting were: Miss Judy Potvin, Miss Linda Wylie, Mrs. C. W. Spieth, Mrs. Herbert Swanson, Miss Kristine Klug and Miss Judy Kolznak.

The rehearsal dinner was given Friday evening at the Sherman Hotel by the bridegroom's parents.

When the newlyweds left for their honeymoon, the bride was presented a white orchid corsage. Upon their return they will reside at 1509 Ludington St.

## Antoinette A. Leckson, Robert J. Schultz Wed

Miss Antoinette Alice Leckson of Garden became the bride of Robert John Schultz of Green Bay, Wis., during a ceremony performed Saturday, Aug. 19 at St. Francis Xavier Church in Green Bay, Wis.

The bride is the daughter of Mrs. Anna Leckson of Garden and the bridegroom is the son of Mrs. Ozin Schultz of 315 12th Ave., Green Bay. The bride was given in marriage by her brother, Bernard Leckson of Flint.

### Honor Maid

Maid of honor was Miss Mary Leckson of Garden and serving as bridesmaids were Mrs. Larry Malfroid, DePere, Wis., Miss Katherine Leckson, Garden, Miss Juliana Roberts, Miss Maria Roberts of Flint.

Bestman was Michael Schultz of Green Bay and further attending the bridegroom were Larry Malfroid, DePere, Joel Groleau of St. Jacques, Robert Leckson and George Leckson of Garden. Seating the guests were Michael Leckson of Mt. Morris, Mich., and Jame Grossman of Green Bay.

### Reception

The wedding reception for 200 guests was held during the afternoon and evening at the Brave Bull in Bellevue, Wis.

The newlyweds left on a honeymoon trip to Canada for Expo '67 and to the Eastern states. Upon their return they will reside in Green Bay.

The bride attended Catherine Bonifas School in Garden and St. Francis School in Green Bay and is presently attending the art institute of America in Green Bay. She is also employed at the Pauley Cheese Co. in Green Bay.

Mr. Schultz attended Green Bay West High School and is presently employed as a clerk at the Pauley Cheese Co.

## Events

### Rummage Sale

The MYF of the Cornell Methodist Church will hold a rummage and bake sale at the Cornell Town Hall on Wednesday, Aug. 30 beginning at 7 a. m.

Weight-watchers can have their fill of lettuce! A quarter-head supplies only about 12 calories. But don't lavish ordinary salad dressing on that lettuce because it has calories aplenty.

## Local Schools Get Help Sorting Federal Plans

Local school districts in the Upper Peninsula are going to get some help this year in deciphering the mass of material known as federal aid to education.

"There are approximately 172 federal programs that can aid education in one form or another," said Bradley Cory. "One of my jobs will be to provide information on those programs."

Cory, a native of Marquette, is the new educational consultant for the Delta-Schoolcraft Intermediate School district under a Title III program from the Elementary-Secondary Education Act of 1965 funded to Northern Michigan University.

His headquarters will be in the Intermediate School District offices at Kipling.

"This project is quite broad," Cory said. "I'm here to assist all school districts who request assistance on some special need, whether it be in the area of general, special or vocational education. The assistance on federal programs is just one part of my responsibility."

One Of Seven Cory, who is a member of the NMU staff, said he is one of seven educational consultants named to serve in each of the Intermediate School districts in the Upper Peninsula. He said that although he will be working in the Delta-Schoolcraft area, he is "not necessarily bound to his assigned district."

If he can be of service to any district in the Upper Peninsula, he said, he will be available.

Bradley Cory

Cory said that besides the consultants in local areas, Northern will maintain a five-member "task force" on call at all times to give assistance.

Previously, he pointed out, school districts have been forced to sort through all the federal programs themselves and with short staff and busy teaching days have found it difficult to do. Under the NMU program, the educational consultants will be able to do some of this work and even "write proposals for federal projects."

Cory will be assigned to a six-weeks training program in Lansing in the near future to

familiarize himself with the procedures and state agencies.

### Seeks Residence

A graduate of Marquette High School, Cory graduated from Northern University in 1962. He served two years as a speech correctionist in Oakland County and the next year initiated a speech correction program in Ontonagon County before going on to Michigan State University and earning his master's degree in communications in 1966.

He joined the NMU staff and was employed with the public services division in the Milwaukee area doing job placement and followup work on MDTA (Manpower Development Training Act) graduates from Northern.

He is married to the former Karen Pearce of Marquette and the couple has two girls, ages six and seven. The family is looking for residence in the Delta County area.

By the time of the New Stone Age, man had domesticated swine. Pigs were kept primarily as scavengers until someone discovered that flesh was good to eat.

## Gladstone Waits On U.S. Planner

A proposed 50-unit low-rent housing project for the City of Gladstone is waiting today on a man from Chicago.

The man is William Draper, project planner with the U.S. Housing Assistance Office.

"The sooner he gets here the better," said Louis Berone of Green Bay, architect who was in Gladstone Thursday to confer with City Manager H. J. Henrikson and the City Housing Commission.

"Progress is good, but you might say we're just marking time now until he gets here to review our sites and plan."

Berone said Gladstone has fulfilled the site data requirements for the Housing Assistance Office and the Gladstone Housing Commission is "now in the process of doing preliminary work on part of the development program."

He said, however, there is only so much that can be done before the project planner gets here.

"We're waiting for the planner before we proceed further," he said.

The three sites proposed for the 50-unit project are at 4th and Michigan, the 700 block between Delta Ave. and Superior Ave., and a vacant parcel owned by Delta Coal & Dock Co. north of Railway Ave. between 6th and 7th St. The federal office will decide which one will be used.

Berone said he has looked over all three sites a number of times and termed all three as "excellent."

Henrikson said the Housing Commission hopes to be able to let bids on the project this spring. With construction time estimated to be about a year, if everything goes smoothly the units would be available for tenants by the spring of 1969.

Berone said the current thought is to design a single building, indicating that it would be several stories high. He emphasized, however, that this depends also on the Housing Assistance Office in Chicago.

Henrikson said Gladstone has made application for a preliminary planning loan for the project and this is being processed. The City could receive up to \$7,500.

Total cost of the project has not been determined as yet.

Besides conferring with Henrikson Thursday afternoon, Berone met with the Housing Commission at the City Hall last night to review plans.

When completed, the project will provide low-rent housing for elderly citizens and other residents whose incomes are limited.

## In This Corner

With RAY CRANDALL

The Press unintentionally lopped a couple of years off the coaching career of Don Plotenhauer of Gladstone this week . . . The pre-season story on the Braves stated that the former University of Wisconsin gridder was starting his 18th season at the Gladstone post . . . Actually, Plotenhauer is in his 20th year at the job.

Coach Bob McKeel of Sault Lorette has only six returning letter winners back on his football squad this season . . . He lost nine starters through graduation . . . Back in action will be Bob McCarthy, Don Halley, Paul Formolo, Jan Bednars, Burt Shipman and Terry Krol.

Because of the delayed start of football practice at Houghton High School this fall, the opening game with Crystal Falls has been rescheduled for the final weekend of the season . . . The change was necessary because Houghton players would not have their required three weeks of practice before the Sept. 1 date on which the game was originally scheduled.

Marquette, one of Escanaba's tough football foes this season, will have nine returning lettermen in action, including four veteran backs . . . Returning on Coach Bill Meyers' team are Bob Bartkowiak, Rick Schoener, Don Jorgenson and Dan Miller in the backfield and Bill Beresa, Randy Rozolka, Mark Anderle, Jim Matz and Jack Carlson in the line.

Betty Miller of Iron Mountain scored a hole in one on the 130 yard No. 14 hole at the Pine Grove Country Club while golfing with her husband, Richard, and sons Steve and Pat.

Coach Marv Ropelke will have eight lettermen on his Niagara High School football team that opens the season Sept. 9 at Marquette Bishop Baraga . . . Badger veterans include Dave Wagner, Dan Marcellis, James Pilon, Jim Anderson, LeRoy DePas, Doug Waltrovich, Pete Kinsinger and James Lesh . . . Niagara fashioned a fine 6-1-1 record last year.

Unless school officials of Holy Name and Escanaba get together to work something out, there will be two football games played here on the same day; the same hour, Saturday, Sept. 9 . . . Menominee will be playing at the Escanaba High School gridiron and Kingford at the Holy Name field . . . It would seem that a morning-afternoon arrangement, or even an afternoon doubleheader, would be better than playing the games at the same time.

Here's the lineup for the state softball tournaments which will be staged over the Labor Day weekend . . . Class A will be at Muskegon, Class B at Owosso, Class C at Port Huron and Class D at Hastings . . . Representing the Upper Peninsula will be Marquette Girls in A, Iron Mountain Credit Union in B, Marquette Hillcrest in C and Jack's Hideaway of Gwinn in D.

The Marquette Iron Rangers are seeking hockey replacements for a half dozen players who have either retired or left the Marquette area . . . Included is Carl Lackey, former Michigan State star from Sault Ste. Marie, who has resigned as football coach at Rock High School and will not be in the region this winter . . . Player-manager Oakie Brumm has also announced his retirement as a player.

Bill Duchaine, former Press editor, forwards an interesting story on Gus Houston, former star athlete at Western Michigan University and a legendary coach at Flint Northern High School . . . Houston coached football one year at Manistiquie where his 14 man team defeated previously unbeaten U. P. champion Soo . . . In five years at Menominee his teams won three U. P. football championships, three track crowns and three district basketball tournament titles.

## Eagles Aren't Afraid Of Big Bad Grid Bills

By The Associated Press

Who's afraid of the big bad Bills?

Certainly not Philadelphia's muscular, young Eagles, who came away winners in their first clash with an American Football League club last week and would like nothing better than to duplicate the feat against rugged Buffalo tonight.

The National League Eagles, who led the New York Jets 34-19 in their first inter-league game last week and displayed some fine looking rookies who could make things interesting for New Orleans, Dallas and Washington in the NFL's Capital Division this season.

After Tim Brown was tossed out of the game for a first period fight, rookies Henry Jones and Harry Wilson split his running back chores and did an admirable job.

Jones carried nine times for 42 yards and Wilson gained 33 yards on five rushes and caught two passes for 38—one of them a 26-yard touchdown pitch.

Two other rookies—Chuck Hughes and Dan Berry—combined on a nifty 41-yard touchdown off a pass-run option that helped the Eagles wipe out an early Jet lead.

Buffalo, meanwhile, lost its third straight exhibition last week, bowing 13-10 to Boston. This is the first time the Bills have lost three straight pre-season games since 1961, when they dropped four in a row.

So the Eagles, 2-1, going into tonight's game, figure to be favored, but the Bills are always tough at home and it could be a close one.

The other two inter-league games send the NFL's Washington Redskins against the Patriots at Boston Saturday and the Los Angeles Rams against the AFL's Chargers at San Diego Sunday.

The Houston Oilers meet the Jets at Charlotte, N. C., Saturday night and Denver plays Oakland at North Platte, Neb., Sunday in AFL games.

The NFL schedule has Cleveland at Atlanta tonight, Baltimore at Detroit, New Orleans vs. San Francisco at Portland, Ore., and Pittsburgh vs. St. Louis at Nashville, Tenn., Saturday night; and Minnesota vs. the New York Giants at New Haven, Conn., Sunday.

Detroit, which won two of three games from AFL rivals, returns to NFL competition against Baltimore, which lost to St. Louis last Monday.

John Brodie, with four TD passes in two games, seems ready for San Francisco, which meets New Orleans. The expansion Saints won their first two exhibitions.

Pittsburgh has dropped two straight but Jim "Cannonball" Butler has displayed explosive running power for the Steelers.

St. Louis' defense devastated the Colts last Monday as the Cardinals won, 9-5.

Fran Tarkenton, the Giants' new quarterback, faces his old teammates at New Haven, with Minnesota using Bob Berry at Tarkenton's old spot.

Buffalo, meanwhile, lost its third straight exhibition last week, bowing 13-10 to Boston. This is the first time the Bills have lost three straight pre-season games since 1961, when they dropped four in a row.

So the Eagles, 2-1, going into tonight's game, figure to be favored, but the Bills are always tough at home and it could be a close one.

The other two inter-league games send the NFL's Washington Redskins against the Patriots at Boston Saturday and the Los Angeles Rams against the AFL's Chargers at San Diego Sunday.

The Houston Oilers meet the Jets at Charlotte, N. C., Saturday night and Denver plays Oakland at North Platte, Neb., Sunday in AFL games.

## Young Golfer Shares Lead In New York

RYE, N.Y. (AP)—Jim Colbert, a bright-eyed young Kansan, took a long, hard look at his position in the \$250,000 Westchester Classic Golf Tournament, gulped once and admitted: "I feel a little uncomfortable."

Mason Rudolph squinted through his thick glasses, added up his scorecard again and said: "I feel like I ought to play a couple of more holes. I'm not used to stopping at 66."

The 26-year-old Colbert, who went to Kansas State on a football scholarship and abandoned it for golf, cut out a careful 66, six-under-par, for a share of the first round lead Thursday with Rudolph and South African Gary Player.

They had a one-stroke lead on U. S. Open champion Jack Nicklaus.

## Tech's Tackles Are Pretty Big

(Second In A Series)

HOUGHTON — Although Michigan Tech's 1967 football team is not considered hefty by any stretch of the imagination, Head Coach Bill Lucier does have some size when it comes to the tackle corps.

Leading the way on defense are two young giants, sophomores Mike Zimmermann (Sault Ste. Marie), 6-4, 230, and Ralph Steed (Grand Rapids), 6-3, 228. Both lettered last season and will lend much needed experience to the defensive line. However, they will be pressed for duty by one returning letterman and a pair of fine freshmen candidates.

Dave Sundberg (Ahmeek), a junior who stands an even six feet and weighs 225, will see plenty of action either at tackle or middle guard. Tops among the freshmen prospects on this side of the line of scrimmage include Dale Larson (Port Huron) (6-2, 230) and Dave Curtis (Jackson) (6-0, 195). Both are rated outstanding prospects by Lucier.

On offense Tech is blessed with two excellent blockers in seniors Bill Bassett (Ironwood) and Dave Paris (Menominee). Although not on the large size for college tackles, 199 and 205 respectively, Bassett and Paris are rated tops in their department.

Putting pressure on for a starting berth will be a junior, Gary Bird (Wayne), and two freshmen, Ed Niedbalski (Rochester) and John Nemetz (Menominee). Bird scales 205, Niedbalski 200 and Nemetz 195.

"I feel this has to be one of the strongest positions on our 1967 club," says Lucier. "We have more experience here than at any other spot. I just hope we continue to receive the outstanding style play these boys exhibited in the past. We need it badly."

## Coaches Seek Interim Pacts

GRAND RAPIDS (AP) — A group of varsity high school football and cross country coaches has asked the school board for interim contracts allowing them to begin practice sessions Monday.

The contracts would permit the coaches to work without violating a no contract, no work policy of the Grand Rapids Education Association which has failed to reach agreement with the school board.

By reporting for work Monday and opening practice sessions, the schools would conform with a state ruling requiring 3 weeks of practice before the first athletic contest.

## Intrepid Will Defend Crown

NEWPORT, R.I. (AP)—Bus Mosbacher, skipper of the Intrepid, has a chance to make it two-for-two against Australian yachts in the America's Cup races.

Minutes after beating the Columbia Thursday, Mosbacher was informed that the Intrepid would defend the cup against Australia's Dame Pattie starting Sept. 12 in a best-of-seven series of races on the 24.3-mile course off Newport.

The triumph over Columbia gave Intrepid 19 victories in 20 trial races, the ship's only loss coming when it rounded a mark in the wrong direction in a race against American Eagle.

Ohio State's Gary Cairns kicked 11 of 12 extra points for the Buckeye eleven last fall. He made 5 of 11 field goals, one of which was a Big Ten record 66 yarder against Illinois.

laus, Rob Charles of New Zealand and John Schlee, a one-time colonel's orderly at West Point, all at 67.

Locked at 68, just two strokes back, were Lee Trevino, a club pro from El Paso, Tex., steady Frank Beard of Louisville, Ky., who went 84 holes before getting a bogey, Dave Hill and 55-year-old Sam Snead.

As usual, however, most of the gallery of 17,031 charged and screamed after Arnold Palmer, the all-time leading money winner. And their biggest cheer came when the muscular slammer from Latrobe, Pa., saved an indifferent round with a birdie-eagle finish that got him home with a 69.

In all, 68 of the field of 154 matched or bettered the par 72 at the compact, 6,573 yard Westchester Country Club course, even though a number of them including Nicklaus—complained that the grass in the fairways is too long.

But not Rudolph. "Maybe it wasn't the best day in the world to play golf," he said. "Windy, a little cold. But I hope nothing changes. Absolutely nothing."

Rudolph had five birdies, a bogey and an eagle, reaching the par five fifth in two and running in a 35-foot putt.

"It was a good putting round for me," Rudolph said. "I've been having a lot of trouble with putts lately, and I don't know what I did differently, but they were dropping."

Player confined his six birdies to a string of eight holes and didn't have a bogey. "I was feeling pretty homesick when I started out," he said "but all of a sudden I was playing like a superman. It was an excellent putting round, even though I didn't have a birdie putt of over six feet."

Colbert, a pro for only two years, also had six birdies—two on putts of more than 25 feet—and didn't have a bogey. He just missed on three more birdies, with putts spinning out of the cup on the fifth, sixth and seventh holes.

Nicklaus had six birds and one bogey and called it "a good putting round. I don't have any complaints."

Palmer struggled and scrambled over the first 16 holes—including a double bogey five on the first hole when two chip shots failed to move the ball out of high grass—before he unleashed his finishing kick.

He knocked in a six-footer for a birdie on No. 17 and then reached the green of the 518 yard 18th in two mighty blows, knocking in a 10-footer for an eagle.

BEV FARRELL, right, defeated Alice Altese, left, in the finals of the Gladstone Golf Club women's championship tournament Thursday. The trophy was the fifth won by Mrs. Farrell since 1960. (Daily Press Photo)

## Bev Farrell Regains Gladstone Golf Crown

GLADSTONE — Bev Farrell, who won her first club trophy in 1960, got off to a dismal start in yesterday's title match. Mrs. Altese won the first three holes but couldn't hang onto the lead.

Mrs. Farrell found the range with some long distance putts and moved 1 up at the turn.

On the back nine Mrs. Farrell won five straight holes to close out the match. Included was a deuce on the par three No. 4. She had a 46 for the first nine to 50 for Mrs. Altese.

Final results: **Championship Flight** Bev Farrell over Alice Altese 5 and 4

**Consolation** Marie Harris over Marion Tibergien 1 up

**First Flight** Dede Peterson over Alice Davis

**Beaten Two** Venetia Bryers over Rita Sturdy 1 up 19 holes

**Consolation** Doris Beever over Louise Le-gault 5 and 4

**Second Flight** Ardell Backstrom over Grace Vanderhoff

**Beaten Two** Lois Hess winner

**Consolation** Marion Nivison winner

## Teamsters Turn On Flat Rock; Win City Crown

Teamsters 2, Merchants 1  
Teamsters 3, Flat Rock 2  
Teamsters 6, Flat Rock 4

The Teamsters saved their best ball for the end of the season and captured the annual City Tournament softball championship at Memorial Field Thursday night.

The Teamsters needed three straight victories to turn the trick, battling up from the loser's bracket to upset Flat Rock in the finals.

Veteran Carl Eastman took over pitching duties in the opener against the Merchants and came up with a four-hit mound gem. In addition, he had

a perfect night at the plate, stroking four hits in four trips. He drove in Teamster's first run and scored the winning run himself. Bill McGovern pitched for the regular season champion Merchants.

Regular chucker Bill Groleau tamed Flat Rock by a 3-2 margin in the first game of the finals, handing Billy Smith's team its first tournament setback.

Groleau came back in the second game to hurl his Teamsters team to a 6-4 decision over Smith and his Flat Rock mates.

It was sweet revenge for the Teamsters who had lost seven straight games to Flat Rock this season, including a 3-2 setback in a first round game in the City tourney.

## Grid Practice Begins At UM

ANN ARBOR (AP)—Football practice began in earnest at the University of Michigan Thursday as 86 candidates for the team turned out for their first double workout.

Coach Bump Elliott said the team's greatest weakness will be in the defensive backfield, where losses through graduation hit hardest.

"We lost our entire defensive backfield and we have a total of 17 minutes playing experience returning as a nucleus with which to rebuild," Elliott said.

On offense Elliott started off with Dick Vidmer at quarterback, Ernie Sharpe and Ron Johnson at halfback and Warren Sipp at fullback. All four earned letters last year, although Sipp spent the season playing tight end.

## List Opening Golf Matches In Country Club

Championship flight matches in the Escanaba Country Club men's golf tournament will be played Saturday, Aug. 26.

Pairings and tee times: 12:00—Bill Eis Jr. vs. Al Taylor, Dick Knoll vs. Mike Heminger.

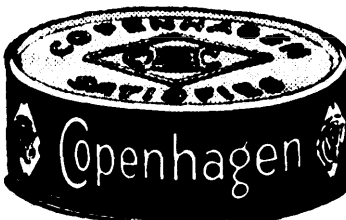

12:07—Dave Erickson vs. Ed Gravelle, Don Feller vs. Ed Kuivinen.

12:15—Harold VanEffen vs. Bill Elliott, Dave Andrews vs. Bob Turner.

12:22—Bill Peltier vs. Bill Eis Sr., Don Goulais vs. Jim Schultz.

# Decisive answer to today's problem of auto insurance cancellation.

Only from Allstate:  
a revolutionary long-term Renewal Guarantee that applies to all auto insurance coverages

Now Allstate guarantees to continue your auto insurance for five years. Even if you have accidents. Even if you're found to be at fault.

After your Allstate insurance is in force 55 days, it's Renewal-Guaranteed for five years (starting with the effective date of your policy) as long as you and the other drivers in your family hold valid drivers' licenses and you pay the premiums when due. You simply renew each year with the policy forms and rates then in effect.

In a nutshell, you can cancel your insurance. Allstate can't.

This exclusive Allstate Renewal Guarantee

applies to all your auto coverages—liability, collision, comprehensive, medical payments—whatever you've bought.

What's more, you're covered by Allstate's Good Driver Plan, with rates lowered or raised by your own family driving record.

Present Allstate auto policyholders: Your Allstate Pledge Against Cancellation, which covered liability insurance only, is automatically broadened in line with this new Guarantee which applies to all your auto coverages.

Future Allstate policyholders: See an Allstate Agent soon, to qualify for this new Renewal Guarantee.

You're in good hands with Allstate®

Not available in subject state or to correspondents and visitors.

# Tigers Fail To Take Up Slack; Race Still Tight

DETROIT (AP) — Baseball fans may remember 1967 as the year the American League pennant was up for grabs, but nobody grabbed it.

"It may go down to the last week because none of us can muster enough fire power," said Detroit Tigers Manager Mayo Smith after his club dropped a 4-2 decision to the Minnesota Twins Thursday. "I'm talking about all the contenders."

Smith added, "They spit and fall back."

After Thursday's games, Boston trails Chicago by one percentage point with the Twins third, one-half game back and Detroit 1 1/2 games out in fourth place.

It's so close that Smith can't decide on his pitchers for the three-game series in Kansas City this weekend.

"I'll use John Hiller Friday night," said Smith. "Earl Wilson will pitch Saturday and either Mickey Lolich or Joe Sparma on Sunday."

Cal Ermer, the Minnesota manager, who demonstrated his soccer background by booting his helmet across Tiger Stadium Wednesday, seemed equally nonplussed.

"Good pitching straps you and every club has got two or three good pitchers," he said. "That includes Kansas City and Washington."

Smith, who admitted disappointment when Detroit failed to take at least four of the five games with the Twins, wouldn't respond to a question that possibly 80 or 85 games could take the pennant.

"I've got my figure written down and I'll show it to you when the season's over," he said.

The lowest percentage for an American League champ was Detroit, 575 on an 88-65 record in 1945.

Earlier this year, Smith said 90 games could win the pennant the same day Baltimore Manager Hank Bauer said "maybe 85."

Bauer may be closer in fact because the big winning streak every contending manager says "will take it all" has failed to materialize.

Boston wins at home, Chicago wins when it has to, Detroit hangs on with its three victories in every five games and Minnesota wins enough to keep people interested.

It was that way Thursday.

Detroit had won the first three games in the five-game series and looked as if it might take four out of five until Harmon Killebrew belted his 34th homer off Denny McLain in the eighth inning to break a 2-2 tie and set

the Twins on the victory road. "You can't pitch that man high in this ball park," said Smith. "We had good luck with him in five games. Two home runs; that's all he got."

McLain's high fast ball was

belting Killebrew high and deep, falling over the left field railing, just out of Willie Horton's reach. The Twins made it 4-2 in the ninth on a double by Rod Carew and Ted Uhlaender's single.

Detroit scored in the first on a walk to Dick McAuliffe and the first of Horton's two doubles. A pair of back-to-back bloop doubles by Bob Allison, who left the game with a pulled hamstring muscle, and Hank Izkierdo, tied it up in the second and Minnesota took a 2-1 lead in the fifth on starter Dave Boswell's bunt single, a hit by Uhlaender and a sacrifice fly by Cesar Tovar.

Norm Cash tied the score at 2-2 in the Detroit fifth with his 17th home run.

McLain, now 16-14, was wild but managed to hold the Twins off in the first and seventh innings, giving up 11 hits, including his 32nd home run pitch.

He got out of the first without damage after giving up two singles and a walk. McLain picked Carew off second to get out of the jam.

In the Twins' seventh, Boswell led off with a triple but was stranded when McLain managed to retire the side in order.

Boswell, who was equally effective, got out of a tight spot in the Detroit sixth, giving up a lead off double to Horton and a walk to Eddie Mathews before retiring the side.

Al Worthington, now 8-9, picked up the victory in relief.

"I don't know if eight victories is high in the league for a relief pitcher," said Worthington. "But eight losses must be."

## McCool Pauses, Reds Lose Game Against Dodgers

By The Associated Press

Billy McCool of hesitation and the Cincinnati Reds were lost in the 10th inning against Los Angeles Thursday night, waited a moment too long before deciding what to do with Jim Lefebvre's sacrifice bunt and the Reds wound up on the short end of a 4-3 score.

Thursday's Result: St. Louis 2, San Francisco 0; Houston 3, Atlanta 1; Chicago 4, Los Angeles 3; 10 innings.

Today's Games: Pittsburgh at Philadelphia, rain; Cincinnati at Philadelphia, 2, two-night; St. Louis at Los Angeles, 2, two-night; Atlanta at San Francisco, 2, one-night; Cincinnati at Houston, 2, one-night.

Saturday's Games: Chicago at New York, 3; Pittsburgh at Philadelphia, 2, two-night; St. Louis at Los Angeles, 2, two-night; Cincinnati at Houston, 2, one-night.

Today's Results: Minnesota 2, Detroit 2; Boston 7, Washington 5; New York 5, Chicago 0; Cleveland 2, California 1.

Only games scheduled: Detroit at Kansas City, 2, two-night; Boston at Chicago, 2, two-night; Minnesota at Cleveland, 2, two-night; New York at Washington, 2, two-night; California at Baltimore, 2, two-night.

Saturday's Games: Detroit at Kansas City, two-night; Boston at Chicago, two-night; Minnesota at Cleveland, two-night; New York at Washington, two-night; California at Baltimore, two-night.

After 19 straight victories over the New York Mets, Juan Marichal of the San Francisco Giants finally boxed to the Mets, 8-7.

in the single scored Ron Brand with the winning run.

Brand had been hit by a Jay Ritchie pitch with two out and raced to third on Julio Gotay's double. Ron Hernandez, Jackson, scored the winning run home.

Bob Tolan and winning pitcher Dick Hannes, staked ninth-inning singles that drove in the winning runs for St. Louis.

Gary Lujan was working on a three-inning lead, 3-0 going into the ninth, when he was hit by a line drive against the Dodgers. But three straight hits by Lefebvre, Al Ferrara and Wes Parker followed by two errors tied the score for Los Angeles.

An inning later, Lou Johnson opened with a double. Lefty bunted and McCool fielded the ball, looked towards third. But Lefebvre beat the play.

An intentional walk to Ferrara loaded the bases and after Parker popped out, Bob Bailey singled Horton home with the winning run.

In the only other National League game played Thursday, Houston edged Atlanta 5-4 in 10 innings and St. Louis blanked San Francisco 2-0. Pittsburgh's game at Philadelphia was rained out.

The Reds' second Dodger starter Don Sutton for a run of first-inning runs, and scored another in the third. With Nolan breezeing the margin looked safe, and until the ninth, it was.

But Lefebvre opened with a single and Ferrara doubled. Parker's hit brought one run across and Lee Mays high throw on the relay allowed another to score. Then Tony Perez booted a grounder as Parker carried the tying run across.

Doug Rader drove in three runs with three hits and a sacrifice fly for Houston, but the hero was Sonny Jackson, whose 10th

inning to break a 2-2 tie and set

the Twins on the victory road.

"You can't pitch that man high in this ball park," said Smith. "We had good luck with him in five games. Two home runs; that's all he got."

McLain's high fast ball was

belting Killebrew high and deep, falling over the left field railing, just out of Willie Horton's reach. The Twins made it 4-2 in the ninth on a double by Rod Carew and Ted Uhlaender's single.

Detroit scored in the first on a walk to Dick McAuliffe and the first of Horton's two doubles. # 'Back To School' Is Big Business

**BACK-TO-SCHOOL BIG BUSINESS:** Again this year, getting ready for the serious business of education pours tons of dollars in the nation's cash registers. High school teen-age girls, alone, will spend over one billion dollars on clothes only (college freshmen girls another quarter of a billion) . . .

Add to this teen men's expenditures . . . plus all the other back-to-school items from stationery to luggage . . . and you get big business. Stores report that the best way to induce to buy is to use the "soft sell" approach and to place stock where you find it easy to run into — display records, for instance, next to boys' and girls' sportswear departments. Stores already know what students are going to be using in class and homework, too, this fall. In writing, soft-tip pens will be bigger than ever (more than \$100 million sold for the year) . . . but hard ball points will hold their own against them (more than two and one-half times as many sold as ball points). That other writing gadget, the typewriter (especially portables) will sell about 20 per cent more than last year. Other large size gadgets to aid education will go over the counter in large numbers — this is illustrated by the fact that among coeds going away for their freshman year at college, 15 per cent will travel to halls of learning with new luggage, 30 per cent with radios, and 11 per cent with portable TVs. One final important accessory to education must be re-

ported on — miniskirts. Mini hemlines will definitely drop this summer, at the beginning of the school year . . . (In fact, for some, with a thrust) to two or two-and-one-half inches above the knee. But this will be alleviated by the fortunate development of new mini accessories — minibags (small, clutch-type handbags dangling from a chain at the shoulder) and minibelts (narrow, waist-nipping) . . . and there's the further consolation that panty hose and fishnet stockings (this is the official word) will abound "phenomenally."

**ADDITIONAL REPORT ON CLOTHING:** From the Midwest the following highlights have been leaked to us on special clothes items in favor right now . . . Girls (up to the age of

## Youth Beat

THE NATIONAL REPORT ON WHAT'S HAPPENING

16) are yearning toward kilts for the fall . . . boys, corduroy jackets with pile lining. Girls (16-18) are prizing hardware on clothing — outside zippers, big metal fasteners on coats . . . boys, seeds of plaids.

**ALLOWANCE IN ACRES?** The nation's builders have issued the significant news that land — just that plain dirt stuff with nothing on it — has jumped 15 per cent in price in the last five years. Be aware of a new trend (maybe foster it?) of teens being land owners. Joseph Timan Southwest land tycoon reports, "teens are fast becoming a generation of landowners"

Timan points out that land gift-giving by parents, grandparents, relatives is now pushing hard against other previous types of investment gifts to guys and gals, like savings accounts, investment plans, life insurance, stocks and bonds. Land — says the land seller — can now be investment-bought in small units, with down payments as little as \$25 and monthly installments of \$10 . . . held (hopefully) towards appreciation . . . then cashed in on later, for college education, nest egg for married life, or other financial stake. Timan adds, his Horizon Land Corporation, based in Tucson, has already recognized the potential of land gifts for teens . . . Its sales of these in the form of land parcel certificates in three Southwest states are reaching \$700,000 a year . . . He predicts that urban land areas will zoom, too . . . with population pressure building (before you are in your fifties) in New York to 30 million, Chicago 15 million and Los Angeles 20 million. By then, it may be hard to find just space to stand on. So, if you're intrigued — Dig that dirt!
